The Chaos Theory Anuvab Pal, 2013-01-31 Sunita and Mukesh are friends He's cynical from Calcutta cocky and well read She's clever curious and amused by him It's the 1960s Delhi University Fashionable movies play at the art deco cinemas Nehruvian poshness is stylish The Beatles are the rage They meet over a quotation game involving William Shakespeare and whisky They both realise there's something special here They have burning questions as young people do about things literary philosophical existential romantic The answers lie in an endless set of conversations with Sunita over Scotch Mukesh imagines Till she thinks America will be the answer and leaves for a PhD in her search He follows her What happens over the next forty years is a journey to carry on that conversation Across continents campuses decades

marriages and life To find what it is they really want to say Chaos Theory as loosely defined in particle physics talks of two particles that circle around each other but never connect which exactly describes Mukesh and Sunita's situation Their uncertainties translate into an immigrant's story of intellectual survival In this exploration of missed connections between the abstract theories of modern physics with the equally abstract emotions of an aging pair of irreverent professors comic and tragic mix together in a search for comfort which remains at best ephemeral and fragile *The New York Times Index* ,2005
