Modeling Farm Decisions For Policy Analysis:

Modeling Farm Decisions For Policy Analysis Kenneth H Baum, 2019-03-08 Microeconomic modeling has been an important tool for agricultural economists for several decades and promises to be important for addressing the research problems of the 1980s as well. This volume explores the possibilities for using micromodeling to analyze how individual farm businesses react to and are affected by farm policies. Although this purpose represents only one potential use of micro modeling, effective modeling for policy analysis necessitates a broad look from several historical, analytical, and institutional perspectives. The Micromodeling Conference held November 18-20, 1981 at Airlie House, Virginia, under the auspices of the U.S. Department of Agriculture's Economic Research Service and the Farm Foundation reflected these concerns. *Modeling Farm Decisions For Policy Analysis* Kenneth H Baum, 2019-03-08 Microeconomic modeling has been an important tool for agricultural economists for several decades and promises to be important for addressing the research problems of the 1980s as well.
