Diary Poetics of Frances Burney, Dorothy Wordsworth and Mary Shelley Magdalena Ożarska, 2014-01-08 Lacework or
Mirror Diary Poetics of Frances Burney Dorothy Wordsworth and Mary Shelley sets out to determine whether each of the
diaries by three female writers namely Frances Burney Dorothy Wordsworth and Mary Shelley approximates the Philippe
Lejeunean concept of the diary as lacework or the more sweeping view typical of the broadly conceived autobiography which
Georges Gusdorf famously likened to the mirror The author explores Burney s Wordsworth s and Shelley s attempts at
concealing the gaps between their narrating and narrated I s as well as examining their diary lacunae especially helpful for
illustrating the gradual emergence of the diarists individual selves Broader issues connected with diary poetics such as the
use of metaphors and symbols the degree of reliance on dialogue and ensuing narrativity down to handling the past by means
of anachronous eccentricities are also subject to examination The study is based on the assumption that the journal is a
literary genre which can be investigated with tools routinely used for the examination of literary texts Yet beyond the issues
of literariness in accordance with Philippe Lejeune s dictum the three journals reveal the writers diaristic practices In fact it
seems that issues of the journal genre and the journal practice cannot be divorced and neither can their lacework and mirror
