Calder: The Conquest of Time Jed Perl,2017-10-24 The first biography of America s greatest twentieth century sculptor Alexander Calder an authoritative and revelatory achievement based on a wealth of letters and papers never before available and written by one of our most renowned art critics Alexander Calder is one of the most beloved and widely admired artists of the twentieth century Anybody who has ever set foot in a museum knows him as the inventor of the mobile America s unique contribution to modern art But only now forty years after the artist s death is the full story of his life being told in this biography which is based on unprecedented access to Calder s letters and papers as well as scores of interviews Jed Perl shows us why Calder was and remains a barrier breaker an avant garde artist with mass appeal This beautifully

written deeply researched book opens with Calder's wonderfully peripatetic upbringing in Philadelphia California and New York Born in 1898 into a family of artists his father was a well known sculptor his mother a painter and a pioneering feminist Calder went on as an adult to forge important friendships with a who's who of twentieth century artists including Joan Miró Marcel Duchamp Georges Braque and Piet Mondrian We move through Calder's early years studying engineering to his first artistic triumphs in Paris in the late 1920s and to his emergence as a leader in the international abstract avant garde His marriage in 1931 to the free spirited Louisa James she was a great niece of Henry James is a richly romantic story related here with a wealth of detail and nuance Calder's life takes on a transatlantic richness from New York's Greenwich Village in the Roaring Twenties to the Left Bank of Paris during the Depression and then back to the United States where the Calders bought a run down old farmhouse in western Connecticut New light is shed on Calder's lifelong interest in dance theater and performance ranging from the Cirque Calder the theatrical event that became his calling card in bohemian Paris to collaborations with the choreographer Martha Graham and the composer Virgil Thomson More than 350 illustrations in color and black and white including little known works and many archival photographs that have never before been seen further enrich the story

Seeds in the Sand Noah Dosier, 2023-12-20 In the fantasy realm of Samu there lies locked in a hidden temple the Orb of Desire a magical talisman capable of granting its possessor a single wish The Dark Lord Zage Batur wants to use it to wipe out the human race and the great hero Cornelius Arcind wants to stop him using the artifact instead to finally kill his longtime nemesis But this is not the focus of the story Instead it's an immortal oracle named Dekkin Eterden whose centuries long life of loss has left him suicidal but who has enough of a sense of honor not to kill himself Instead he resolves to steal the map and key needed to get the Orb and take the vaunted mystical object for himself to wish that he had never been born Along the way on his quest however he finds a mostly unwilling member of a traveling party made up of the most unusual members Cornelius's apprentice Matthew the queen of the humans and even the Dark Lord himself Their journey together just might show Dekkin that although he's survived for hundreds of years he spent precious little time truly living
