provides a common interface to standard messaging protocols and to special messaging services in support of Java programs The messages exchange crucial data between computers rather than between users information such as event notification and service requests Messaging is often used to coordinate programs in dissimilar systems or written in different programming languages Using the JMS interface a programmer can invoke the messaging services of IBM s MQSeries Progress Software s SonicMQ and other popular messaging product vendors In addition JMS supports messages that contain serialized Java objects and messages that contain Extensible Markup Language XML pages Messaging is a powerful new paradigm that makes it easier to uncouple different parts of an enterprise application Messaging clients work by sending messages to a message server which is responsible for delivering the messages to their destination Message delivery is asynchronous meaning that the client can continue working without waiting for the message to be delivered The contents of the message can be anything from a simple text string to a serialized Java object or an XML document Java Message Service shows how to build applications using the point to point and publish and subscribe models how to use features like transactions and durable subscriptions to make an application reliable and how to use messaging within Enterprise JavaBeans It also introduces a new EJB type the MessageDrivenBean that is part of EJB 2 0 and discusses integration of messaging into J2EE **Programming Visual Basic .NET** Dave Grundgeiger,2002 This is a programmer s complete guide to Visual Basic NET Starting with a sample application and a high level map the book jumps right into showing how the parts of NET fit with VB NET Topics include the common language runtime Windows Forms ASP NET Web Forms Web Services ADO NET transactional applications internationalization security and debugging **Incident Response** Kenneth R. Van Wyk,Richard Forno,2001 Incident Response is a complete guide for organizations of all sizes and types who are addressing their computer security issues Jacket **Basic Oracle SQL & PL/SQL Notebook** Asim Chowdhury,2016-12-13 This book helps beginner of Oracle database to pick up concepts with real life example with an ease This book is based on the feedback I have received from my best selling Oracle book ORACLE SQL PL SQL GOLDEN DIARY to provide only the basic concepts with real life examples The structure of the book is arranged in such a way that reader will go through the concepts in chapter 1 Chapter 2 and in subsequent chapters they will learn basic Tips to deal with real life examples The book will teach Comparative analysis of database features and their usages across Oracle versions Learn to derive alternate approach for a functionality in different releases of database Learn related concepts associated with specific challenge Learn to choose the best approach from the set of related concepts to achieve best result Familiarize yourself with all basic concepts with real life example in a nutshellThe audience of this book would like to cover multiple versions of Oracle and the features it offers Seeking the best approach for a challenge has not been easy in past as it required a large investment of time and effort to go through the vast amount of documentation This 125 pages basic book facilitates that investment by exploring and churning the vast archives of oracle documentation and producing the output in a nutshell which otherwise readers would need to

spend time on *Oracle Initialization Parameters Pocket Reference* David C. Kreines,2004-08-25 This quick reference covers database releases Oracle8i Oracle 9i and Oracle Database 10g For each initialization parameter the book includes a description valid values default and whether it can be changed dynamically It also describes the initialization file and server parameter file and provides hints for best performance In addition to listing all parameters alphabetically the book indicates the categories of parameters often set as a group to control different aspects of the database

The Top Books of the Year Oracle In A Nutshell The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
