Mission In The New Testament:

Mission in the New Testament William J. Larkin, Joel F. Williams, 1998 This book presents a comprehensive articulation of New Testament teachings on mission from a contemporary American evangelical standpoint. Mission in the New Testament contributes a fresh statement of the biblical foundations of mission serving as a catalyst for completion of the church's universal mission in this generation. After investigating the historical background of the idea of mission in the Hebrew Scriptures inter-testamental Judaism, the life of Jesus and the beginnings of the church, the book proceeds in a roughly canonical order through the New Testament. Essays analyze the works of Paul, the Synoptic gospels, Acts of the Apostles, the General Epistles, and the Book of Revelation. Well versed in the historical critical method of biblical interpretation, editors and contributors alike offer a cogent argument for recovering the missional horizon of the New Testament.

Mission in the Gospels Geoffrey Harris, 2014-01-27 Mission in the Gospels considers the gospels through a twin lens: first, the nature of Jesus' own mission as understood by the evangelists; and secondly, the desire of the gospel writers and their churches to gain some understanding of their own mission by interpreting Jesus' attitudes and actions especially with regard to the Gentiles. The principles for mission that arise out of this investigation shed a good deal of new light on the gospels and the motives for their writing and on their theological insights.

Christian Mission Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world? The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism, specifically in the Psalms, Isaiah, and Daniel. The contributions then discuss the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels, General Epistles, and Revelation, and finally into Paul's ministry to the Gentiles, documented in the book of Acts and his epistles. These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today.

Mission in the New Testament Ferdinand Hahn, 1965 *Women in Mission* Susan E. Smith, 2015-02-25 In matters of mission history, most major works that treat the full sweep of the church's missional self-understanding are less than helpful in understanding women's part of that narrative. Smith tries to redress the balance with a comprehensive history of mission that highlights the critical contributions of women as well as the theological developments that influenced their role. From publisher's description:

Recovering the Full Mission of God Dean Flemming, 2013-10-04 Should our proclamation of the gospel be in words or deeds or both? What do the Scriptures say? New Testament scholar and missionary Dean Flemming takes a look at this disputed question. Rooted in the Old Testament and covering the Gospels, Paul, Acts, Peter, and Revelation, Flemming provides a biblically sound basis for holistic evangelism.

Bible and Mission Richard Bauckham, 2004-01-01 This engaging study provides a new way of looking at Scripture one that takes seriously the biblical idea of mission. Richard Bauckham shows how God identifies himself with particular

individuals or people in human history in order to be known by all He is the God of Abraham Israel and David and finally the one who acts through Jesus Christ Bauckham applies these insights to the contemporary scene encouraging those involved in mission to be sensitive to postmodern concerns about globalization while at the same time emphasizing the uniqueness of Christian faith In doing so he demonstrates the diversity of Christian faith around the world This book will be rewarding reading for pastors lay readers and students of Scripture mission and postmodernism

Witnesses to the Ends of the Earth Francis James Moloney,2022 Eminent biblical scholar Francis J Moloney SDB explores the teaching on mission found in the letters of St Paul the Gospels of Mark and Matthew Luke Acts and the Gospel of John showing how each inspired author provides unique yet complementary insights into the mission entrusted to the followers of Jesus a mission ad intra to the community and ad Gentes to the wider world

The Mission of God Christopher J. H. Wright,2025-10-21 Tackle Key Questions from the Past Two Decades in this Fully Updated Edition Engage with the latest scholarship on the biblical theology of mission and missional hermeneutics with Christopher J H Wright s

classic text now fully revised and updated Most Christians would agree that the Bible provides a basis for mission But Christopher Wright boldly maintains that there is a missional basis for the Bible itself The entire Bible is generated by and is all about God s mission In order to understand the Scriptures we need a missional hermeneutic an interpretive perspective in sync with the beating heart of its great mission Wright gives us a new hermeneutical perspective on Scripture through an

understanding of Who God is What he has called his people to be and do How the nations fit into God s mission In this revised

edition of The Mission of God Wright extends his classic discussion to consider the ways that the conversation on missional hermeneutics has developed since its original publication With fully updated citations and additional chapters focused on gospel centered holistic mission and on the issue of election and supersessionism this new edition addresses the questions criticisms and insights that have emerged during the intervening two decades God s mission is to reclaim the world and God s people have a designated role to play Whether you re a pastor scholar or student The Mission of God will benefit your understanding of how the Bible shapes the story and purpose of God s people

Paul's Understanding of the Church's Mission

Robert L. Plummer,2006-06-01 Did Paul expect his churches to engage in evangelistic activity which mirrored his own Or have modern readers of the Bible wrongly projected Paul s apostolic passion upon the communities that he founded Such is the charge of several recent authors and if their thesis is correct nothing could have larger implications for how the modern church engages in mission In this book Robert L Plummer engages in a careful study of Paul s letters to determine if the apostle expected the communities to which he wrote to engage in outward directed missionary activity Plummer helpfully summarizes the discussion to date on the debated issue judiciously handles contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in outward directed missionary activity Throughout the study Plummer progressively builds a theological basis for the church s mission that is both compelling and distinctively Pauline

Christian Mission in the New Testament

John Proctor,2023 Mission and evangelism in different cultural contexts often needs to take different forms with surprising results What light can the earliest Christians witness in strongly contrasting places shed on mission in modern contexts This fascinating study by a New Testament expert takes a close look at the biblical evidence in Acts for mission in two important and very different locations a large urban centre Caesarea Maritima and a more remote smaller community Philippi It brings related texts about the Christian story there to life and offers helpful links to Christian witness today

Flemming, 2015-11-03 Recent years have seen heightened interest in how to read scripture from a missional perspective. This book addresses that question by exploring both how the New Testament bears witness to the mission of God and how it energizes the church to participate in that mission. It also makes a distinctive contribution by applying a missional reading to a variety of New Testament books offering insights into New Testament theology and serving today's discussions about mission and the church. Dean Flemming has written a game changing book on the interpretation of scripture for the mission of the church. This relatively slim but rich volume is absolutely mandatory reading for all serious students of the New Testament and for all who wish to understand the church's participation in the mission of God. It should be on the syllabus of every ecclesially focused course on the New Testament and every biblically attuned course in ecclesiology and in missiology. Michael J Gorman Raymond E Brown Professor of Biblical Studies and Theology St Mary's Seminary and University Baltimore MD I am always grateful when another book by Dean Flemming appears. His writing arises out of his significant cross cultural experience his outstanding scholarship and his careful listening to the Spirit in the text. This book is written clearly and is full of nourishing insight. Michael W Goheen Professor of Missiology Calvin Theological Seminary Grand Rapids MI former Geneva Chair of Worldview Studies Trinity Western University Langley BC and Teaching Fellow in Mission Studies Regent College Vancouver BC Why mission is a critical question one not asked or understood often enough. Here is a stirring reading of the New Testament that demonstrates a living triune God on mission bringing redemption to the world through a living apostolic church. So much rich theological interpretation packed into a small book. Nijay K Gupta assistant professor of New Testament George Fox Evangelical Seminary Portland OR Since writing The Mission of God I have felt guilty that it paid so much more attention to a missional reading of the Old than of the New Testament. This fine book relieves me of that guilt. This is an outstandingly clear and faithful exposition of what it means to read the New Testament from the perspective of and with the intention of participating in the mission of God as revealed in the whole Bible.
