## **Mission Of The Archangel Michael:**

**The Archangel Michael** Rudolf Steiner, 1994 The Michael age has dawned Hearts begin to have thoughts Enthusiasm no longer flows from mystical obscurity but from the inner clarity that thought conveys To grasp this is to receive Michael into one's soul Thoughts that today seek to grasp the spirit must spring from hearts that beat for Michael as the fiery cosmic prince of thought Rudolf Steiner For centuries the tradition of the mystical chronology of the world's seven archangelic regents has been part of Western esoteric teaching According to this tradition 1879 marked the return of the solar spirit Michael the archangel of the Sun to oversee earthly evolution Steiner always placed his life and work in the service of Michael's evolutionary task And he recognized that at the beginning of the twentieth century humanity emerged from the Kali Yuga the Dark Age and entered the Age of Light Against this background Steiner described the ascent of Michael as cosmic ruler his battle with the dragon of the spirits of darkness and his roles as the countenance of Christ and the guardian of cosmic intelligence He also gave many profound indications of how Michael's evolutionary task depends on the free and independent collaboration of human coworkers Speaking on behalf of Michael Steiner laid out the essentials for a new Michaelic path to full humanity Among the elements of this path are the development of selfless individuality cosmopolitanism the practice of the presence of Christ fearlessness the transformation of thinking and perception in a new synthesis of science art and religion the spiritualization of space and the separation of thought from language The Archangel Michael gathers most of Steiner's statements on this subject making it an important source for coming to terms with today's political social psychological and spiritual crises *The Mission of the Archangel Michael* Rudolf Steiner, Lisa D.

Just finished the book and I loved it so much I felt extremely uplifted to know that as a child of God I AM a warrior in His army on earth. I loved the last 2 sentences in the book made me smile to see the simple truth of who we are in Jesus close out this wonderful work. Now let's have the sequel please Reader Two. I've never read anything like this in my life. I've always enjoyed sci-fi movies but never books. But I'm so glad I have had this experience. Being a religious person I have to say it expanded the way I envisioned the powers of angels and the way they may work in our lives and the jobs or services they would be in charge of. Reader Three. I'm thoroughly entertained. I've never read a fiction piece that brought me this close to Christ. Good job. I loved the emphasis on Christian prosecution and suffering and the heavenly activity between the host and Satan. It brought aspects of the Christian mission back into view for me. I love the battle for good and evil exist in outer space. Your worlds were very relatable to Earth, their hedonistic patterns and diversity. I ended reading this book trusting God more. I feel uplifted, completely drawn closer to Christ. I loved it and I'm not just saying that.
