Dumbocalypse Now: The First Dunning Kruger President Joe Dixon, 2018-03-08 As democracy is perfected the office of president represents more and more closely the inner soul of the people On some great and glorious day the plain folks of the land will reach their heart s desire at last and the White House will be adorned by a downright moron H L Mencken The Moronarchy is upon us Welcome to the Dumbocalypse The Dumbageddon Conspiracy has finally paid off Freedumb and Dumbocracy have reached their logical conclusion How did we get here We can thank the Dunning Kruger effect the most powerful and disturbing force in the world today the force of human stupidity the greatest destroyer and wrecker there has ever been Come and explore the bizarre world of idiots of the Confederacy of Dunces of the Dunciad

The Oxford Handbook of the Word John R. Taylor, 2015 This handbook addresses words in all their multifarious aspects and brings together scholars from every relevant discipline to do so The many subjects covered include word frequencies sounds and sound symbolism the structure of words taboo words lexical borrowing words in dictionaries and thesauri word origins and change place and personal names nicknames taxonomies word acquisition and bilingualism words in the mind word disorders and word games puns and puzzles Words are the most basic of all linguistic units the aspect of language of which everyone is likely to be most conscious A new word that makes it into the OED is prime news when baby says its first word its parents reckon it has started to speak knowing a language is often taken to mean knowing its words and languages are seen to be related by the similarities between their words Up to the twentieth century linguistic description was mainly an account of words and all the current subdivisions of linguistics have something to say about them A notable feature of human languages is the sheer vastness of their word inventories and scholars and writers have sometimes deliberately increased the richness of their languages by coining or importing new items into their word hoards The book presents scholarship and research in a manner that meets the interests of students and professionals and satisfies the curiosity of the educated reader
