REVIEWING 2013 New World Translation of Jehovah's Witnesses Edward D. Andrews, 2018-01-28 REVIEWING 2013 New World Translation of Jehovah's Witnesses is going to challenge your objectivity Being objective means that personal feelings or opinions do not influence you in considering and representing facts Being subjective means that your understanding is based on or influenced by personal feelings tastes or ideas If the reader finds these insights offense it might be a little mind control at work from years of being told the same misinformation repeatedly so ponder things objectively We can also have preconceived ideas that have been a part of our thinking for so long we do not question them Preconceived is an idea or opinion that is formed before having the evidence for its truth If we are to be effective we must season our words so that they are received well Then there is the term preconception which means a preconceived idea or prejudice Seasoned words honesty and accuracy are distinctive features of effective apologetic evangelism **New World Translation of the Holy Scriptures-With References** International Bible Students Association, New World Bible Translation Committee, 1985-03-01
