Just One Catch Tracy Daugherty,2011-08-02 The New York Times bestselling writer Tracy Daugherty illuminates his most vital subject yet in this first biography of the Catch 22 author Joseph Heller Joseph Heller was a Coney Island kid the son of Russian immigrants who went on to great fame and fortune His most memorable novel took its inspiration from a mission he flew over France in WWII his plane was filled with so much shrapnel it was a wonder it stayed in the air Heller wrote seven novels all of which remain in print Something Happened and Good as Gold to name two are still considered the epitome of satire His life was filled with women and romantic indiscretions but he was perhaps more famous for his friendships he counted Mel Brooks Zero Mostel Carl Reiner Kurt Vonnegut Norman Mailer Mario Puzo Dustin Hoffman Woody Allen and many others among his confidantes In 1981 Heller was diagnosed with Guillain Barr Syndrome a debilitating syndrome that could have cost him his life Miraculously he recovered When he passed away in 1999 from natural causes he left behind a body of work that continues to sell hundreds of thousands of copies a year Just One Catch is the first biography of Yossarian's creator

Gallagher,2002-11-07 Over the second half of the twentieth century a substantial flow of writing emerged from the French  
held Caribbean Much of this work is both theoretically knowing and poetically potent and has attracted international  
attention to the literary resonances of the uniquely complex geo historical situation of the Caribbean and indeed of the  
Americas in general Much of its passion pertinence and appeal inheres in its approach to time and to space an approach still  
reverberating with the shock of displacement and its various after tremors an exploded sense of diversity radical  
relativization the profound expropriations of enslavement colonial erosion Through readings of high profile as well as lesser  
known writing this book tracks some of the more striking tensions and tropisms at work in the French Caribbean imagination  
of space and time and their intersection It studies generic interplay textual palimpseste narrative structure and other  
dynamics of writing that realize and manipulate the intersections of time and space history and memory writing and  
rewriting voice and text referential space and inter textual space as well as cultural theory and literary practice identity and  
difference place and displacement In this way it probes both the strains and the stresses and also the insights and  
gravitations that make for the particular French Caribbean timbre of this volume of writing This specific vibration while  
illuminating Caribbean New World and post colonial thinking in general also encourages wider reflection on global  
resonances of displacement and dislocation and on more general issues such as the role of writing and of narrative in  
particular in the confrontation of absence and presence loss and desire distance and diversity This book locates the  
problematic of time space in relation to historiographical geo cultural and phenomenological thinking and it also takes  
account of the detonation of critical interest in what is broadly termed post colonial writing Its fundamental concern however  
is to show how a particular corpus of writing has in the space of half a century and from a bracing position of hyper  
relationality responded imaginatively and poetically to the challenge of envisioning place and of relating space to time
