News From The Front War Correspondents On The Western Front 1914 1918:

News from the Front Martin J. Farrar, 1998 Using real newspaper reports from the period the author examines how the perception by the military of World War 1 newspaper correspondents changed from banned outlaws initially to official mouthpieces by 1918

Edinburgh Companion to First World War Periodicals Birgit van Puymbroeck, Cedric Van Dijk, Marysa Demoor, 2022-10-26 While literary scholars and historians often draw on the press as a source of information First World War periodicals have rarely been studied as cultural artefacts in their own right However as this volume shows the press not only played a vital role in the conflict but also underwent significant changes due to the war This Companion brings together leading and emerging scholars from various fields to reassess the role and function of the periodical press during the so called Greater War It pays specific attention to the global aspects of the war as well as to different types of periodicals that existed during the conflict ranging from trench hospital and camp journals to popular newspapers children's magazines and avant garde journals in various national and cultural contexts

Clio's Warriors Tim Cook, 2011-11-01 Clio's Warriors examines how the Canadian world war experience has been constructed and reconstructed over time Tim Cook elucidates the role of historians in codifying the sacrifice and struggle of a generation as he discusses historical memory and writing the creation of archives and the war of reputations that followed each of the world wars on the battlefield Only recently have academic military historians pushed the discipline to explore the impact of war on society Even so the publications of official historians remain the central narrative of the national experience In analyzing where the profession has come from and where it needs to go Clio's Warriors plays a vital role in the ongoing challenge of writing critical history It will be an essential addition to the library of all Canadian military historians and students of military history and historiography

A New History of War Reporting Kevin Williams, 2019-12-23 This book takes a fresh look at the history of war reporting to understand how new technology new ways of waging war and new media conditions are changing the role and work of today's war correspondent Focussing on the mechanics of war reporting and the logistical and institutional pressures on correspondents the book further examines the role of war propaganda accreditation and news management in shaping the evolution of the specialism Previously neglected conflicts and correspondents are reclaimed and wars considered as key moments in the history of war reporting such as the Crimean War 1854-56 and the Great War 1914-18 are re-evaluated The use of objectivity as the yardstick by which to assess the performance of war correspondents is questioned The emphasis is instead placed on war as a messy business which confronts reporters and photographers with conditions that challenge the norms of professional practice References to the demise of the war correspondent have accompanied the growth of the specialism since the days of William Howard Russell the so called father of war reporting This highlights the fragile nature of this sub genre of journalism and emphasises that continuity as much as change characterises the work of the war correspondent A thematically organised historically rich introduction this book is ideal for students of journalism

media and communication The Handbook of European Communication History Klaus Arnold, Paschal Preston, Susanne Kinnebrock, 2019-10-15 A groundbreaking handbook that takes a cross national approach to the media history of Europe of the past 100 years The Handbook of European Communication History is a definitive and authoritative handbook that fills a gap in the literature to provide a coherent and chronological history of mass media public communication and journalism in Europe from 1900 to the late 20th century With contributions from teams of scholars and members of the European Communication Research and Education Association the Handbook explores media innovations major changes and developments in the media systems that affected public communication as well as societies and culture The contributors also examine the general trends of communication history and review debates related to media development To ensure a transnational approach to the topic the majority of chapters are written not by a single author but by international teams formed around one or more lead authors The Handbook goes beyond national perspectives and provides a basis for more cross national treatments of historical developments in the field of mediated communication Indeed this important Handbook Offers fresh insights on the development of media alongside key differences between countries regions or media systems over the past century Takes a fresh cross national approach to European media history Contains contributions from leading international scholars in this rapidly evolving area of study Explores the major innovations key developments differing trends and the important debates concerning the media in the European setting Written for students and academics of communication and media studies as well as media professionals The Handbook of European Communication History covers European media from 1900 with the emergence of the popular press to the professionalization of journalists and the first wave of multimedia with the advent of film and radio broadcasting through the rapid growth of the Internet and digital media since the late 20th century Communication and the First World War John Griffiths, 2020-04-06 Despite the voluminous historical literature on the First World War a volume devoted to the theme of communication has yet to appear From the communication of war aims and objectives to the communication of war call up and war experience and knowledge this volume fills the gap in the market including the work of both established and newly emerging scholars working on the First World War across the globe The volume includes chapters that focus on the experience of belligerent and also neutral powers thus providing a genuinely representative dimension to the subject George Lansbury John Shepherd, 2002-09-19 The most lovable figure in modern politics was how A J P Taylor described the Christian pacifist George Lansbury At 73 he took over the helm of the Labour Party of only 46 MPs in the Depression years of the 1930s Throughout a remarkable life Lansbury remained an extraordinary politician of the people associated with a multitude of crusades for social justice He resigned from Parliament to support Votes for Women and for the next ten years edited the fiery Daily Herald In 1921 Lansbury led the Poplar Rates Rebellion when thirty Labour councillors went willingly to prison in defiance of the government the courts and their own party leadership As Labour leader Lansbury was known universally as a committed socialist an implacable

opponent of capitalism and imperialism He never sought personal wealth travelled everywhere by public transport and made his home in impoverished East London His final years were spent in a tireless international peace crusade to prevent the drift towards another world war In this major new biography John Shepherd draws on an impressive range of research to reconstruct the life of a charismatic Labour pioneer He reaffirms George Lansbury's standing at the heart of Old Labour and his importance to British politics as a whole

At Any Price Craig Deayton, 2017-05-05 The enemy must not get the Messines Ridge at any price So read the orders to German troops defending the vital high ground south of Ypres On 7 June 1917 the British Second Army launched its attack with an opening like no other In the largest secret operation of the First World War British and Commonwealth mining companies placed over a million pounds of explosive beneath the German front line positions in 19 giant mines which erupted like a volcano This was just the beginning By the end of that brilliant summer's day one of the strongest positions on the Western Front had fallen in the greatest British victory in three long years of war For the ANZACs who comprised one third of the triumphant Second Army it was their most significant achievement to that point for the men of the New Zealand Division it would be their finest hour It is difficult to overstate the importance of Messines for the Australians whose first two years of war had represented an almost unending catalogue of disaster This was both the first real victory for the AIF and the first test in senior command for Major General John Monash who commanded the newly formed 3rd Division Messines was a baptism of fire for the 3rd Division which came into the line alongside the battle scarred 4th Australian Division badly mauled at Bullecourt just six weeks earlier The fighting at Messines would descend into unimaginable savagery a lethal and sometimes hand to hand affair of bayonets clubs bombs and incessant machine gun fire described by one Australian as 72 hours of Hell After their string of bloody defeats over 1915 and 1916 Messines would prove the ultimate test for the Australians

War and the Media Mark Connelly, David Welch, 2005 This collection of studies based on an international conference at the University of Kent the leading academic institution in the field of Media and Propaganda Studies by leading academics specializing in disciplines ranging from military history to political science with journalists the military and civil service experience is a unique cross fertilization between academics and media professionals
