It was first published in serial form in the *Commonweal* journal beginning on 11 January 1890. In the novel the narrator William Guest falls asleep after returning from a meeting of the Socialist League and awakes to find himself in a future society based on common ownership and democratic control of the means of production. **News from Nowhere** William Morris, 2016-04-03 The book explores a number of aspects of this society including its organisation and the relationships which it engenders between people. Morris cleverly fuses Marxism and the romance tradition when he presents himself as an enchanted figure in a time and place different from Victorian England. As Morris the romance character quests for love and fellowship and through them for a reborn self he encounters romance archetypes in Marxist guises. Old Hammond is both the communist educator who teaches Morris the new world and the wise old man of romance. Dick and Clara are good comrades and the married lovers who aid Morris in his wanderings. The journey on the Thames is both a voyage through society transformed by revolution and a quest for happiness. The goal of the quest met and found though only transiently is Ellen the symbol of the reborn age and the bride the alien cannot win. Ellen herself is a multidimensional figure a working class woman emancipated under socialism she is also a benign nature spirit as well as the soul in the form of a woman. 1 The book offers Morris answers to a number of frequent objections to socialism and underlines his belief that socialism will entail not only the abolishment of private property but also of the divisions between art life and work.
