## **Niccolò Machiavelli's The Prince New Interdisciplinary Essays:**

**Niccolò Machiavelli's The Prince** Martin Coyle, 2024-06-04 No text has attracted more controversy over the centuries than Machiavelli's The Prince. Placed on the Index of Prohibited Books by the Catholic Church in 1599, The Prince nevertheless proved to be the means by which Machiavelli came to be known throughout Europe, establishing his name as a byword for the cunning and unscrupulous politician. Written as the medieval world was giving way to the new dynamic of Renaissance capitalism, The Prince embodies a whole series of vital issues that affect our understanding of modern politics, including power and morality, history and human nature, language and meaning, gender and government. It is these issues which the essays in this volume debate and explore from a variety of perspectives, from the original responses to The Prince through to feminist and deconstructive approaches. The result is a volume packed with ideas and insights. With contributions by international scholars and critics, a chronological table and select bibliography, this is an essential guide for anyone studying Machiavelli.

**Niccolò Machiavelli's The Prince** Martin Coyle, 1995 Few texts have attracted more controversy over the centuries than The Prince. This collection of essays offers a challenging sequence of close readings of Machiavelli's text. The essays by international scholars and critics form a rich mix of traditional and modern critical approaches, including feminist and deconstructive criticism.

*Encyclopedia of the Essay* Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic, such as sermons, aphorisms, individual major works, notable writers and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings, list additional readings and anthologies.

**Seeking Real Truths: Multidisciplinary Perspectives on Machiavelli** Patricia Vilches, Gerald Seaman, 2007-07-30 The thought and influence of Machiavelli have had a significant impact on a variety of academic disciplines, including political science and government, history, literature, language, theatre and philosophy. Rather than inscribe Machiavelli within the boundaries of a single academic approach, tradition or discourse, this volume assembles multidisciplinary perspectives on his writings on government, on his creative works and on his legacy. The result is intended to appeal at once to generalists seeking baseline knowledge of Machiavelli and to specialists who are interested in critical views of Machiavelli that use a broad lens and that approach their subject from different angles. Contributors include Susan Ashley, Salvatore Bizzarro, Julia Bondanella, JoAnn Cavallo, Salvatore Di Maria, Marie Gaille, Nikodimov, Eugene Garver, Joseph Khoury, William Klein, Sante Matteo, Gerry Milligan, RoseAnna Mueller, John Roe, Gerald Seaman, Charles Tarlton, Patricia Vilches and Mary Walsh.

**Machiavelli's Art of Politics** Alejandro Barcenas, 2015-06-02 In Machiavelli's Art of Politics, Alejandro Barcenas offers a reexamination of Niccolò Machiavelli's political thought in order to propose a concise and historically accurate portrayal of his

ideas and intellectual context This study provides a nuanced view of the complexities of Machiavelli's thought by analyzing his classical background taking into particular consideration the influence of Xenophon and his view of the ideal ruler as someone who creates the conditions for a flourishing human life In addition Brcenas explains why Machiavelli defends a republican political order that encourages citizens to live according to their own laws while serving a common good and revises his legacy through the writings of Leo Strauss Eric Voegelin and Maurizio Viroli Machiavelli, Marketing and Management Phil Harris, Andrew Lock, Patricia Rees, 2000-04-20 This cutting edge text provides insight into the meaning and interpretation of Machiavelli and highlights the particular relevance to today's manager of his works for management marketing and political thought It addresses a number of common themes relating to his influences and arguments and includes topics such as modern management government The Pragmatics of Early Modern Politics: Power and Kingship in Shakespeare's History Plays Urszula Kizelbach, 2014-10-10 This book paints a portrait of a successful politician according to early modern standards Kingship is no longer understood as a divinely ordained institution but is defined as goal oriented policy making relying on conscious acting and the theatrical display of power The Propagation of Power in the Medieval West Martin Gosman, Arie Johan Vanderjagt, Jan R. Veenstra, 1997 **History of Political Thought**, 2008 **Florence and Beyond** John M. Najemy, 2008 This volume celebrates John M. Najemy and his contributions to the study of Florentine and Italian Renaissance history Over the last three decades his books and articles on Florentine politics and political thought have substantially revised the narratives and contours of these fields They have also provided a framework into which he has woven innovative new threads that have emerged in Renaissance social and cultural history Presented by his many students and friends the essays aim to highlight his varied interests and to suggest where they may point for future studies of Florence and indeed beyond Amazon.com The Iconography of Power György Endre Szönyi, Rowland Wymer, 2000
