## Love Vol 9:

*English Spirituality* Gordon Mursell,2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years **Catalogue of the Public Library of Evansville, 1876** Anonymous,2024-06-07 Reprint of the original first published in 1876 *The Last Love of George Sand* Evelyne Bloch-Dano,2015-07-07 George Sand is one the most celebrated writers and controversial personalities of nineteenth century France she is as famous for her bohemian lifestyle as for her written work The Last Love of George Sand portrays the writer political activist and cultural figure as she starts a new chapter in her ever surprising life the mature years with her last lover the young and talented engraver Alexandre Manceau A turning point came for George Sand in 1849 After her political involvement in the revolution of 1848 Sand retreated to her country property Nohant with her son Maurice and started writing new plays One day Maurice introduced her to Alexandre Manceau a young and shy artist thirteen years her junior At forty five she was at the pinnacle of her career She had a long history of tumultuous love affairs with famous artists such as Musset Chopin and M rim e but she had never experienced a peaceful and balanced relationship With Manceau Sand discovered that she could be loved and fall in love herself without drama Their relationship would last fifteen years and prove to be the most prolific period of Sand s life with fifty books published including the novels Elle et lui inspired by her relationship with Musset and Le dernier amour written just ten days after Manceau died of tuberculosis Although much has been written about George Sand most of the previous biographies are focused on her more turbulent times In The Last Love of George Sand Evelyne Bloch Dano looks back on Sand s life from the vantage point of her years with Manceau Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *The American Stud Book* ,1910 Containing full pedigree of all the imported thorough bred stallions and mares with their produce *The Swedish Theory of Love* Henrik Berggren,Lars Trägårdh,2022-09-06 In 2020 Sweden s response to COVID 19 drew renewed attention to the Nordic nation in a way that put the finger on a seeming paradox Long celebrated for its commitment to social solidarity Sweden suddenly emerged as the last country in the West to

resist lockdown while defending individual rights and responsibilities To explain these contradictions Henrik Berggren and Lars Tr g rdh argue that the long standing view of Sweden s welfare state as the result of socialist collectivism is flawed While social values have been and remain strong they have co existed with a radical form of individualism The English edition of the Swedish bestseller r svensken m nniska The Swedish Theory of Love examines a political culture that stresses individual autonomy on the one hand and trust in the state on the other Delving into Swedish philosophy cultural studies sociology literary criticism and political science the book moves beyond the perspective of rational social engineering to uncover the moral logic behind Sweden s welfare state the notion that human relationships based on dependency and subordination lead to inauthenticity and that equality and autonomy are preconditions for genuine love and affection
