**Ranges, EA** , 1980      *Spirits of Blood, Spirits of Breath* Barbara Alice Mann, 2016-01-06 Before invasion Turtle Island or North America was home to vibrant cultures that shared long standing philosophical precepts The most important and wide spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath This binary system was built on the belief that neither half of the cosmos can exist without its twin Both halves are therefore necessary and good Western anthropologists typically shorthand the Twinned Cosmos as Sky and Earth but this erroneously saddles it with Christian baggage and worse imposes a hierarchy that puts sky quite literally above earth None of this Western ideology legitimately applies to traditional Indigenous American thought which is about equal cooperation and the continual recreation of reality *Spirits of Blood Spirits of Breath* examines traditional historical concepts of spirituality among North American Indians both at and to the extent it can be determined before contact In doing so Barbara Alice Mann rescues the authentically indigenous ideas from Western and especially missionary interpretations In addition to early European source material she uses Indian oral traditions traced as much as possible to their earliest versions and sources and Indian records including pictographs petroglyphs bark books and wampum Moreover Mann respects each Indigenous culture as a discrete unit rather than generalizing them as is often done in Western anthropology To this end she collates material in accordance with actual historical linguistic and traditional linkages among the groups at hand with traditions clearly identified by group and where recorded by speaker In this way she provides specialists and non specialists alike a window into the purportedly lost and often caricatured world of Indigenous American thought      Winnemucca District

### **The Red-Haired Giants of Lovelock Cave and Other Ancient Mysteries**

Floyd Wills,2022-09-19 Nevada s Paiutes spoke of a race of statuesque red headed cannibals who attacked and ate members of the surrounding tribes Eventually the Paiutes destroyed them in Lovelock Cave In 1911 miners discovered the remains of giant red headed mummies and thousands of artifacts The artifacts were excavated and disbursed to several museums but the mummies disappeared from public view What happened to the giant mummies and why were they hidden from the public Floyd Wills s investigation into Lovelock Cave s mystery reveals compelling evidence that the red haired giants Paiute tales were true Mr Wills supports his belief with newspaper articles Native American accounts of giants eyewitness testimony photographs of skeletal remains and artifacts found in and around Lovelock Cave Other strange historical topics covered include the Nazca Mummies the Flores Hobbits of Indonesia the Biblical Giants or The Nephilim the Elongated Skull People of Paracas Peru the Ica Stones and the Acambaro Dinosaur Figurines

### **The Lovelock Cave Mystery**

Rita Moran,2015-08-12 Outside of Lovelock Nevada there is a cave with a mysterious legend associated with it The legend states that a mysterious group of red haired giants lived in the area and fought with the Pauite The Pauite exterminated them off after a final battle and the red haired giants retreated to the cave The Pauite set the cave on fire They believed they had killed off all the red haired giants but some may have escaped The author made a visit to this cave and the Nevada State Museum to get to the bottom of the story What follows is a curious tale of missing mummies connections to the Cronides connections to the Anasazi the Paracas culture clues to the Biblical giants and watchers and cover ups
