Prudence: A forgotten virtue? La Civiltà Cattolica, 2022-02-25 A collection of 13 articles from the August 2021 edition of La Civiltà Cattolica the highly respected and oldest Catholic journal published from Rome. The August issue of La Civiltà Cattolica English Edition continues its mission to reflect the mind of this papacy with articles on interreligious dialogue the recovery from the pandemic and the economic crisis migration and its consequences. Felix Krämer continues his analysis of Pope Francis' journeys and continuing dialogue with our Muslim brothers and sisters by placing the recent trip to Iraq in context of his earlier travels to Cairo, Baku, Sarajevo and Jerusalem. Gaëtan Giraud discusses the recovery and cosmopolitics the idea we are all members of a single community a community that must include all living beings and the world we live in. Giovanni Cucci's discourse on Prudence is a reminder of a certain weakness in modern philosophy. Migrant Songs looks at the history of the music of migration from the 19th Century mass migrations from Italy after unification up to the swell of people from Africa and the Middle East into Europe.

Fashioning the City Agnès Rocamora, 2009-04-30 While much attention has been paid to the making of Paris in the work of writers and artists little is known about the city as defined and created by the fashion media. Filling this gap in studies of the French capital this original and illuminating book focuses on how the French fashion press with its rich conjunction of words and images has been able to construct Paris as a leading world fashion city. Based on an original analysis of fashion writing and images in contemporary French fashion magazines and newspapers the book shows how the fashion media have been central to the consecration of the city of Paris on the fashion map as well as its celebration in the collective imaginary. Agnès Rocamora explores for example the figures of la Parisienne and la passante the female passer by and the presence of the Eiffel tower in fashion visuals. She gives attention to the continuum between the French journalistic discourse and that of cultural forms such as films, paintings and literature thus revealing the persistence across texts and time of visions of Paris and shedding light on the production and reproduction of the Paris myth.
