Gutierrez, 2019-11-22 Coronado knows there's a bigger reason why he exists In his quest for knowledge he has yet to find that one book that explains who he is where he comes from and what it all means There is no encyclopedia that defines why things happen outside the context of science and there is no guide ledger that takes him by the hand and leads him to direct euphoria so he is here experiencing and being in the hopes that he survives and lives a purposeful existence including the possibility of reincarnation His willingness and endurance are spiritual testimonies of his
