Debra Ramsay,2015-02-11 For three generations of Americans World War II has been a touchstone for the understanding of conflict and of America s role in global affairs But if World War II helped shape the perception of war for Americans American media in turn shape the understanding and memory of World War II Concentrating on key popular films television series and digital games from the last two decades this book explores the critical influence World War II continues to exert on a generation of Americans born over thirty years after the conflict ended It explains how the war was configured in the media of the wartime generation and how it came to be repurposed by their progeny the Baby Boomers In doing so it identifies the framework underpinning the mediation of World War II memory in the current generation s media and develops a model that provides insight into the strategies of representation that shape the American perspective of war in general

Paul Fussell s award winning landmark study of World War I originally published in 1975 remains as original and gripping today as ever but now for the first time his literary and illuminating account comes in a beautifully illustrated edition World War I changed a generation ushered in the modern era and revolutionized how we see the world By drawing from a variety of primary sources including personal correspondence newspapers and literary works Fussell brings the period alive Not only does he give us a more profound understanding of what the Great War meant to the people who lived through it he also analyzes our modern perception of its impact The wide selection of rare and fascinating images approximately 160 of them includes photographs illustrations and maps from period books magazines newspapers advertisements and other publications Not only do they heighten the impact of Fussell s remarkable critical interpretation they help us fully grasp the true scope of this aptly named and catastrophic war      **The Two Worlds** ,1926      **The Vietnam Veterans Memorial at Angel Fire**

Steven Trout,2020-04-07 A great white angel spreading her wings across the Moreno Valley this is how one visitor described the memorial standing atop a windswept prominence in the Sangre de Cristo Mountains near Taos New Mexico A de facto national Vietnam veterans memorial built by one family more than a decade before the Wall in Washington DC and without aid or recognition from the US government the chapel at Angel Fire is a testament to one young American s sacrifice but also to the profound determination of his family to find meaning in their loss In The Vietnam Veterans Memorial at Angel Fire Steven Trout tells the story of Marine Lieutenant David Westphall who was killed near Con Thien on May 22 1968 and of the Westphall family s subsequent struggle to create and maintain a one of a kind memorial chapel dedicated to the memory of all Americans lost in the Vietnam War and to the cause of world peace Focused primarily on a life lost amid our nation s most controversial conflict and on the Westphalls desperate battle to keep their chapel open between 1971 and 1982 the book s

brisk and moving narrative traces the memorial's evolution from a personal act of family remembrance to its emergence as an iconic pilgrimage destination for thousands of Vietnam veterans Documenting the chapel's shifting messages over time which include a momentary and controversial recognition of the dead on both sides of the war The Vietnam Veterans Memorial at Angel Fire spotlights one American soldier's tragic story and the monument to hope and peace that it inspired
