Lovers Made Men:

Lovers Made Men Ben Jonson, **A List of Masques, Pageants, &c** Walter Wilson Greg, 1902 **Nicholas Lanier** Michael I. Wilson, 2017-07-05 Nicholas Lanier 1588 1666 was not only the first person to hold the office of Master of the Music to King Charles I he was also a practising painter a friend of Rubens Van Dyck and many other artists of his time and one of the very first great art collectors and connoisseurs He is especially remembered for the part he played in acquiring on behalf of Charles I the famous collection of paintings belonging to the Gonzaga family of Mantua Many of these paintings still form an important part of the Royal Collection today In this book the different strands of Lanier's colourful life are for the first time drawn together and presented in a single compelling narrative *A List of Masques, Pageants, &c.* Walter Wilson Greg, **Jonson and the Contexts of His Time** Robert C. Evans, 1994 Ben Jonson was one of the most important writers of the English Renaissance and this study both reflects and contributes to the growing focus on the concrete details of his art and career By examining specific works particular historical circumstances and complex relations with various individuals author Robert C Evans tries to locate Jonson's writings in the contexts that helped shape their artistry This book presumes that the more one knows about Jonson's various contexts the more richly one can appreciate the complicated significance of the texts he produced In fact a major purpose of the book is the presentation of new archival data The individual chapters all assume that Jonson could not ignore his relations with other people and the effects that those relations might have had on his life and writings The first chapter raises explicitly many of the questions involved in the historical study of literature contributing to recent dialogue about the meaning and value of the so called New Historicism This chapter also offers one of the few sustained examinations of one of Jonson's most typical and significant poems the epistle to Edward Sackville Chapter 2 suggests why Jonson's relations with rivals and patrons were particularly significant It discusses one of his most important rivalries the poetomachia and its significance for the early years of his life as a writer The chapter then jumps to the end of Jonson's career and emphasizes works he addressed to the Earl of Newcastle one of his most important later patrons This initial emphasis on patronage and rivalry recurs in one way or another in all the subsequent chapters which follow a roughly chronological scheme Chapter 3 looks at the earliest and perhaps still the best of Jonson's great plays *Volpone* and explores new evidence suggesting that Jonson may have used this comedy to mock a powerful and wellknown contemporary Chapter 4 explores *The Devil is an Ass* 1616 and attempts to suggest the very complicated political and social circumstances in which it was enmeshed Chapter 5 tries to show how the important masque entitled *Pleasure Reconciled to Virtue* offered a detailed response to another aristocratic entertainment written a few months earlier and chapter 6 surveys the poet's apparently contentious relations with the highly talented Thomas Campion Chapters 7 and 8 focus on the closing years of Jonson's career They explore his little known friendship with Joseph Webbe an important language theorist whose ideas were quite controversial at the time and examine Jonson's relations with significant Caroline patrons in an attempt to show the

complicated ways in which the patronage system so often discussed in the abstract could operate in actuality A brief
