## **Loves Surprise:**

**Love's Surprise** Karen M. Ball,2022-05-03 In this collection of three whimsical and fresh stories of romance in unusual settings Karen Ball s writing will delight readers of all ages and in every season Infused with love tenderness and humor the stories are threaded together with common characters and themes The protagonist in Valentine s Surprise has been unlucky in love so her sisters conspire and set her up with a blind date they re sure will be The One The date is surprisingly successful until she discovers she went out with the wrong man In Jericho s Walls a widow s grown children try to forestall her annual April Fools Day depression They trick her into pet sitting a ferret and talk her into a major house renovation to be done by the good looking but distant Jericho Katz whose spouse also has died But can you help someone who doesn t think she wants it An Unlikely Angel is the story of a very successful lawyer who believes he s got everything he wants and needs in life Then a charming but destructive Siberian Husky turns up The man comes to learn what is truly valuable with help from an even more charming and quirky girl next door and the gentle nudge of an angel **New York Court of Appeals.**

objection by showing that even if moral practice is fundamentally expressive it can still come to possess those features that make it appear objective features such as talk and thought of moral disagreement truth and belief and the applicability of logical notions to moral sentences The key to this development is to emphasise the unique and intricate practical role that morality plays in our lives Practical expressivism is also practical in the further sense that it provides repeatable patterns that expressivists can deploy in coming to understand the apparently objective features of morality

**Normative Reasons** Artūrs Logins,2022-08-04 The first accessible detailed overview of the debates about normative reasons developing a new theory based on why questions

**There'S More Room in an Empty Heart** David Sanders,2017-06-20 Two hundred new poems from David Sanders including Just to the East of Despair Just to the east of despair Is a land of devil may care A place to go when nothing is fair Just to the east of despair Your chances to dismiss This potentially harmful abyss Are better if you forget what you miss Just to the east of despair Is a land of truth or dare A place to go at the end of an affair Just to the east of despair

**Bioethics** Bernard Gert,Charles M. Culver,K. Danner Clouser,1997 An updated and expanded successor to Culver and Gert s Philosophy in Medicine this book integrates moral philosophy with clinical medicine to present a comprehensive summary of the theory concepts and lines of reasoning underlying the field of bioethics Rather than concentrating narrowly on bioethics and investigating moral philosophy only marginally the authors provide an explicit account of common morality and show how it applies to and is modified by the realities of clinical medicine Such broader knowledge finds its specific practical application when one attempts to resolve the more complex and difficult cases This book does not attempt to settle all controversial matters but rather provides an ethical framework that various parties to the dispute can accept and use as a basis for reaching agreement Thus the authors main goal is to facilitate ethical discussion Their detailed analyses of death and disease maintain the theoretical objectivity of these concepts while recognizing their central role in social and medical practices They also provide in depth discussions of the central concepts and issues in bioethics competence consent justification for moral rule violations and confidentiality Paternalism one of the most pervasive problems in clinical medicine is accorded special attention All these concepts have been integrated and systematically grounded within common morality The book is richly illustrated with discussions of clinical cases The authors explicitly compare their position with other accounts of bioethics such as principlism casuistry and virtue theory Their discussion of euthanasia and physician assisted suicide clarifies and evaluates the recent legal decisions on these topics The arguments throughout the volume stand out with characteristic clarity and cogency A fresh and all encompassing approach to bioethics that does not shy away from controversy Bioethics A Return to Fundamentals will interest not only students in philosophy of medicine and medical ethics courses but also moral philosophers and bioethicists as well as doctors nurses and other health care professionals
