Loving Jessie:

Loving Jessie's Girl L.A. Remenicky, Until AJ Monroe left Indiana after college he had always lived in his identical twin brother's shadow. He had made a life for himself in Denver, Colorado, away from Jessie, away from Indiana. But when AJ feared for his brother's safety, he left everything behind to step back into the shadow he thought he had outgrown. Finding his brother was AJ's only concern until he met Jessie's girl. Fiercely independent, Rina Abbot hid her true situation from everyone, including her best friend Jessie. Out of money and unable to care for her rescue dogs, she had no choice but to accept the help of the handsome stranger with a familiar face. Afraid to trust him, she tried to ignore the feelings he stirred within her as they searched for his missing brother. But secrets never stay secrets for long. Finally open about their feelings for each other, Rina's secrets began to wreak havoc on their lives. Would Rina's secrets force AJ to give up his dream of loving Jessie's girl?

LOVING JESSIE Dallas Schulze, 2014-10-15 Life has gone out of focus for photojournalist Matt Latimer. So he's heading back home to the tiny California town where he grew up, hoping to reconnect with his roots, his purpose, and his art. But Matt's homecoming is an event that will propel him and those closest to him into the complex territories of friendship, loyalty, and love. Growing up, Matt was always around when Jessie Sinclair needed him most. Now she needs him for the most important decision of her life. She wants a baby. Suddenly, the lives of Matt and Jessie and others in this small town collide in unexpected ways. Jessie must choose between what was and what might still be, between past heartbreak and the promise of new love, between what was lost and what is waiting to be found.

From the Freudians to the feminists, the role of the absent or hidden father figure has played a part in narrative and cultural theory. This work presents the first full-length examination of the absent father in modern drama. It closely analyzes major works by Ibsen, Strindberg, Chekhov, Williams, Miller, Shepard, Rabe, Henley, Norman, Pielmeier, Shaffer, Osborne, Churchill, and Fugard. Using the critical framework of psychological deconstructive and myth criticism, this book demonstrates how the consistent focus on an imposing father figure who never physically appears onstage affects the psychological, social, and metaphysical structure of major modern dramas.
