## Loving Thoughts:

**But the Greatest of These Is Love** Edward M. Vigeant, 2014-03-05 This new Thought System emphasizes application rather than theology It specifically states that a universal religion is impossible but a Universal Experience is not only possible but also necessary This Universal Experience is Love Universal means that all of the billions of people who have passed through this world since time began and all of the people who are here now seven billion would know God God is Love To know Gods Love within is to know God Where learning ends there is Love Love is not learned There was never a time in which you knew it not Once this new perception of God is accepted then everything changes The quiet Voice of Love will help you to reinterpret everything you have been taught as fearful and that makes you feel guilty and will change them to only what is loving is true There are no rules and regulations to obey You need do nothing The Power of Love will set you free It is not through any of your efforts Here is the ultimate release which everyone will one day find in his own way at his own time Think about this If Love is the primary focus of your life what are you going to do wrong Fear God and keep His commandments becomes Know God and accept His Certainty According to Wikipedia it is estimated that there are approximately 4 200 religions in the world today I say But the Greatest of These is Love **Wellness—A Way of Life** Dr. Melva Martin, 2018-10-24 This is your moment Here you are holding a guide to better health and natural healing written by an experienced naturopath who instructs the reader on inexpensive home remedies that puts healing techniques within reach of everyone Well rounded and thoughtfully compiled this guide addresses the wholistic triune the body mind and spirit It is filled with effective approaches doable techniques and treatments Dr Melva Martin provides multiple options and paths to self care You may not choose to use all techniques included in this book but you will learn the overarching aspects of health and holistic healing and find various treatment options to guide your journey forward The days of us leaning back and expecting a doctor with fifteen minutes to fix us is over Worse yet good health seems harder to achieve in our chemicalized world The reality is that no doctor will give us unlimited time and when we go to them we are wise to partner with them rather than passively sitting on the sidelines Therefore it is time for us to step up and get in relationship with our bodies and learn what we can do for ourselves before we resort to a medicine for every malady along life s highway I won t deny that there is a place for allopathic western medicine but it is wise to return most of the care to our homes our prayers our kitchens and our gardens This book will be your reference and your guide Muriah Williams **A Happier You** Scott Glassman, 2021-11-01 In these increasingly difficult times it s easy to get stuck in a cycle of negativity cynicism and unhappiness Based on author Scott Glassman s A Happier You wellness program The Up Side teaches readers seven core positivity skills to rapidly short circuit chronic rumination and pessimistic thinking By reducing the frequency and intensity of negative thoughts about themselves the world and their future readers will learn to break free from cynicism to feel more positive happy and resilient How to Create Heart-Based Hospitality: The Future of the Hotel Hospitality Experience Peter

McAlpine, This book shows hoteliers how to create a spirit of hospitality that is impossible to create with the globally pervasive standards manual based concept of SOP Customer Satisfaction Heart Based Hospitality is an energetic and spiritual concept of hospitality and it provides a completely new direction in hospitality It is based on creating an ever increasing spirit of unconditional love Metta loving kindness compassion and heart warming care which are the forgotten essence of hospitality By working with energy especially heart energy and by developing the spiritual capacity of the staff you can create limitless levels of spiritual and energetic hospitality far above the traditional SOP Customer Satisfaction ceiling As you develop Heart Based Hospitality you can increase the softness gentleness loving kindness compassion and heart warming care of the staff and the energetic warmth of the hospitality without limit Heart Based Hospitality is a concept and a direction that enables the spirit of hospitality to evolve energetically and spiritually It will revolutionise the hospitality industry I call the level Heart Based Hospitality because it is created by working with human energy especially with the energy of the heart by developing the heart's intelligence by increasing heart coherence so as to open the heart to experience ever stronger emotions of love and by developing spiritual capacity which increases the desire to show unconditional love Metta loving kindness heart warming care and compassion from the heart The future hospitality experience will be energetic and spiritual Hotels in the future will also use heart field energy techniques to change the energetic vibration of the hotel staff the guests and spaces They will also infuse spaces facilities and guest accommodation with pleasant feeling energy through specific meditations I have written the book in order to bring about a revolution of change in the hotel industry The book shows hotels how to implement and develop the process of creating Heart Based Hospitality Part 1 the Introduction to the book explains what the book is about Go to this link [http://heartbasedhospitality.com/page\\_id\\_57800](http://heartbasedhospitality.com/page_id_57800) The Preacher's Complete Homiletical Commentary, 1892 *Readings in Eastern Religions* Harold Coward, Ronald Neufeldt, Eva K.
