Mastering Teaching:

Mastering the Techniques of Teaching Joseph Lowman, 1984 In this second edition of his classic resource Joseph Lowman expands on his earlier model of effective teaching to place greater emphasis on motivational skill and commitment to teaching. He presents a practical new learning model that compares six sources of influence on what and how students learn in a college course. All types of teachers and instructors will discover options on how to organize classes and use group work to promote learning. They will also find a checklist for assessing their classroom performance on video, detailed instructions for using video analysis to improve their technique and an innovative approach to evaluating their overall performance.

Mastering Teaching: Thriving As an Early Career Teacher Moira Hulme, Rebecca Smith, Rachel O'Sullivan, 2021-06-18 This book builds on the experiences of school leaders, early career teachers, and their mentors, and responds to the challenges that new teachers face as they move beyond initial teacher training. Practiced educators provide research-informed guidance in each chapter to scaffold new teachers' workplace learning when the learning curve is steepest. Support for new teachers is vitally important in enhancing teaching quality, promoting teacher wellbeing, and reducing staff burnout rates. Each chapter, co-authored by school-based and university-based teacher educators, contains rich, illustrative examples and vignettes from lead practitioners in UK primary and secondary schools. The book is relevant across curriculum areas and phases of education, so that all new teachers can ease their transition into teaching, build their confidence, and lay foundations for their career-long professional growth. Speaking to new and recently qualified teachers as well as coordinators of professional learning in schools, this book is an essential resource for teacher CPD. An excellent addition to the thinking educator's bookshelf, Dr David Waugh, Professor of Education, Durham University. The distinctive challenges facing Early Career Teachers are identified and

becoming that master teacher g and more heartbreaking than ever before How a teacher gives his or her all and yet manages to keep at the job without burning out is a significant feature of this book Not only are these professional tasks identified and explained but suggestions are offered for how new and practicing teachers may further hone those skills that each task demands Knowing the tasks is not enough learning to apply them successfully is the key to becoming that master teacher
