**Easy Self Help Tips to Make You a Better Person** Timothy Harris, 2014-09-09 Self-improvement is always a commendable course of action and one of the best things that a person can do to improve themselves is to look into books and websites with advice on helping people to become even better versions of themselves. Self-help tips can be just the impetus that a person might need to start upon the path of recovery from depression. Better cope with the grieving period that follows from losing a loved one. Improve one's performance in some sort of sport or athletic endeavor. Not all self-help advice needs to be necessarily of a healing nature. Improve upon social skills in order to become friendlier with people and/or find a potential spouse. Overcome anxiety and learn to just enjoy life as it comes. Ultimately, even the best self-help book in the world is only going to be as effective on its readers as the readers invest into that book. To benefit from a self-help book, the reader actually has to be interested in fixing or improving the state of their life. Disinterest in the improvement offered yet still reading the book amounts to nothing more than reading to kill time.
