Immigrants in New York City, 1945-1995 Linda Dowling Almeida, 2001-03-22 Irish Immigrants in New York City 1945-1995 Linda Dowling Almeida The story of one of the most visible groups of immigrants in the major city of immigrants in the last half of the 20th century Almeida offers a dynamic portrait of Irish New York one that keeps reinventing itself under new circumstances Hasia Diner New York University Almeida's close attention to changes in economics culture and politics on both sides of the Atlantic makes this book one of the more accomplished applications of the new social history to a contemporary American ethnic group Roger Daniels University of Cincinnati It is estimated that one in three New York City residents is an immigrant No other American city has a population composed of so many different nationalities Of these foreign born a relatively small percentage come directly from Ireland but the Irish presence in the city and America is ubiquitous In the 1990 census Irish ancestry was claimed by over half a million New Yorkers and by 44 million nationwide The Irish presence in popular American culture has also been highly visible Yet for all the attention given to Irish Americans surprisingly little has been said about post World War II immigrants Almeida's research takes important steps toward understanding modern Irish immigration Comparing 1950s Irish immigrants with the New Irish of the 1980s Almeida provides insights into the evolution of the Irish American identity and addresses the role of the United States and Ireland in shaping it She finds among other things that social and economic progress in Ireland has heightened expectations for Irish immigrants But at the same time they face greater challenges in gaining legal residence a situation that has led the New Irish to reject many organizations that long supported previous generations of Irish immigrants in favor of new ones better suited to their needs Linda Dowling Almeida Adjunct Professor of History at New York University has published articles on the New Irish in America and is a longtime member of the New York Irish History Roundtable She also edited Volume 8 of the journal *New York Irish History* March 2001 232 pages 6 1 8 x 9 1 4 index append cloth 0 253 33843 3 35 00 s 26 5

The Irish Play on the New York Stage, 1874-1966 John P.

Harrington,1997 Over the years American especially New York audiences have evolved a consistent set of expectations for the Irish play Traditionally the term implied a specific subject matter invariably rural and Catholic and embodied a reductive notion of Irish drama and society This view continues to influence the types of Irish drama produced in the United States today By examining seven different opening nights in New York theaters over the course of the last century John Harrington considers the reception of Irish drama on the American stage and explores the complex interplay between drama and audience expectations All of these productions provoked some form of public disagreement when they were first staged in New York ranging from the confrontation between Shaw and the Society for the Suppression of Vice to the intellectual outcry provoked by billing Waiting for Godot as the laugh sensation of two continents The inaugural volume in the series Irish Literature History and Culture The Irish Play on the New York Stage explores the New York premieres of The Shaughraun 1874 Mrs Warren's Profession 1905 The Playboy of the Western World 1911 Exiles 1925 Within the Gates 1934 Waiting for Godot 1956 and Philadelphia Here I Come 1966 Being New York, Being Irish Terry Golway,2018-10-22 New York University's Glucksman Ireland House opened a quarter century ago to foster the study of Ireland and Irish America and since then has led and witnessed tremendous changes in Irish and Irish American culture Alice McDermott writes about her son's Irish awakening Colum McCann's Joycean essay is a brilliant call to action in defence of immigrants and social justice Colm Tóibín's first visit to New York coincided with the first St Patrick's Day parade led by a woman Dan Barry reflects on Frank McCourt's Angela's Ashes and a new poem by Seamus Heaney written not long before his death Through deeply personal essays that reflect on their own experience research and art some of the best known Irish writers on both sides of the Atlantic commemorate the House's anniversary by examining what has changed and what has not in Irish and Irish American culture art identity and politics since 1993 **The Shamrock and the Lily** Mary C. Kelly,2005 Ireland's tumultuous heritage combined with the promise of cosmopolitan New York to forge a new Irish American immigrant identity Between the Great Irish Famine and the creation of the Irish Free State the New York Irish world preserved as much from the old country as it adopts from the new The Shamrock and the Lily illuminates a set of remarkable transatlantic connections dominated by the road to Ireland's independence in an absorbing study of a people driven from a troubled past toward freedom for themselves and for those they left behind **New York Magazine** ,1972-03-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea The Irish-American Experience in New Jersey and Metropolitan New York Marta Deyrup,Maura Grace Harrington,2015-11-09 Focusing on the local New Jersey New York Irish American experience this interdisciplinary book is a case study in what Irish Americans have contributed to

public and cultural life in the United States how they have retained elements of Irish culture and invented elements of their own ethnic American culture **Eccentric Nation** Stephen Albert Rohs,2009 The book takes as its point of departure the notion that a nation's music and performance culture was in the nineteenth century conceived of as the voice of its people From ballads to parades to plays to orations these cultural forms carried the burden of staging an identity for the national community and for the onlooking eyes of outsiders [The Unstoppable Irish](#) Dan Milner,2019-04-30 This unique book captures the rise of New York's passionately musical Irish Catholics and provides a compelling history of early New York City The Unstoppable Irish follows the changing fortunes of New York's Irish Catholics commencing with the evacuation of British military forces in late 1783 and concluding one hundred years later with the completion of the initial term of the city's first Catholic mayor During that century Hibernians first coalesced and then rose in uneven progression from being a variously dismissed despised and feared foreign group to ultimately receiving de facto acceptance as constituent members of the city's population Dan Milner presents evidence that the Catholic Irish of New York gradually integrated came into common and equal membership into the city populace rather than assimilated adopted the culture of a larger host group Assimilation had always been an option for Catholics even in Ireland In order to fit in they needed only to adopt mainstream Anglo Protestant identity But the same virile strain within the Hibernian psyche that had overwhelmingly rejected the abandonment of Gaelic Catholic being in Ireland continued to hold forth in Manhattan and the community remained largely intact A novel aspect of Milner's treatment is his use of song texts in combination with period news reports and existing scholarship to develop a fuller picture of the Catholic Irish struggle Products of a highly verbal and passionately musical people Irish folk and popular songs provide special insight into the popularly held attitudes and beliefs of the integration epoch **The New York Irish, Their View of American Foreign Policy, 1914-1921** John Patrick Buckley,1976 **Northern Ireland** United States.
