## Nice Guys Can Win:

**Nice Guys Can Get the Corner Office** Russ C. Edelman, Timothy R. Hiltabiddle, Charles C. Manz, 2008-07-31 How to succeed without being an SOB or a pushover Many people suffer from Nice Guy Syndrome held back from higher levels of success by being too selfless at work It's a tricky problem because if you start to think that being nice is bad it's easy to overcompensate with selfishness, intimidation and intense aggression The founders of Nice Guy Strategies teach that nice is not about being weak or soft that you can hang on to your morals, compassion and sincerity and still get ahead The key is to draw on eight practical strategies The Nice Guy Bill of Rights that will help you find the right balance Each chapter shares insights and stories from both ordinary nice guys and celebrity executives *Nice Guys Can Win!* Wesley Harris, 1995-11-14 In this book Wesley shows not only that good guys can win but that very many probably an increasing number of them do and that they are far happier in their success than those who have achieved it at the expense of others *Let's Make World War II the Last World War* Donald Johnson, 2023-04-07 The purpose of this book is to let the people mostly the young people of today who think they're living in hard times and that everything around them is so brutal and savage and of so much despair though many think that way because of the constant negative ambush they receive today from the media schools newspapers and through many elites in our society who are taught that everything around them is going to hell in a handbasket know that this is the best time in the world to be alive Most people are safer, better educated and living around modern high tech advances that make their lives easier People have more wealth and leisure time than ever before They are healthier and tend to live longer than ever before The world is also more acceptable among the races and religions of the world and this generation has the chance to live in everlasting peace without no World Wars though there will always be conflicts among people and nations and it will never be perfect This generation today must know that the world was a pretty savage doggy world throughout history climaxed by World War II though savage wars did continue after World War II They must also be taught that the perpetrators of the savagery were all people races and religions not just some For today's media want to use that narrative and the victims of the savagery were also from all people races and religions We all know that slavery is wrong in America but it ended over 160 years ago Why not also talk about slavery before American slavery like the slavery in Africa And why not talk right now about slavery that's been going on right now in China in North Africa by Isis and in Libya Because it doesn't get the media's narrative on who is good and who is bad And one more thing about the media how about talking about some of the good things that America has done throughout its history instead of bashing America all the time For example if America were to be wiped out by a tidal wave the rest of the world would be in warfare because there will be no America to secure peace *Hearings* United States.
