Global Trend Urban Fantasy:

Images of the Anthropocene in Speculative Fiction Tereza Dedinová, Weronika Laszkiewicz, Sylwia Borowska-Szerszun, 2021-03-01 In order to demonstrate that speculative fiction provides a valuable contribution to the discussion about the challenges of the Anthropocene Images of the Anthropocene in Speculative Fiction investigates a range of novels whose subject matter pertains to various aspects of the Anthropocene. These include the destruction and protection of the natural environment, the relationship between human and non-human inhabitants of the planet, the role of myth in the shaping of and combat against the Anthropocene, the political dimensions of the Anthropocene, the ensuing threat of the Apocalypse and the role of post-apocalyptic narratives. To explore these topics, our authors examine the works of Patricia Briggs, M.R. Carey, Dmitry Glukhovsky, Ursula K. Le Guin, N.K. Jemisin, Stephenie Meyer, China Miéville, James Patterson, Maggie Stiefvater, J.R.R. Tolkien, and Scott Westfield. Their essays demonstrate that speculative fiction, given its ability to pursue scenarios of alternative history and present familiar things in an unfamiliar way, can alter the readers' perception of their duties and responsibilities towards their communities and the world, so that the threat of human-wrought destruction might ultimately be averted.

The Palgrave Handbook of Global Fantasy Elana Gomel, Danielle Gurevitch, 2023-06-07 This handbook is the first of its kind comprehensive overview of fantasy outside the Anglo-American hegemony. While most academic studies of fantasy follow the well-trodden path of focusing on Tolkien, Rowling, and others, our collection spotlights rich and unique fantasy literatures in India, Australia, Italy, Greece, Poland, Russia, China, and many other areas of Europe, Asia, and the global South. The first part focuses on the theoretical aspects of fantasy, broadening and modifying existing definitions to accommodate the global reach of the genre. The second part contains essays illuminating specific cultures, countries, and religious or ethnic traditions. From Aboriginal myths to self-representation of Tibet, from the appropriation of the Polish Witcher by the American pop culture to modern Greek fantasy that does not rely on stories of Olympian deities, and from Israeli vampires to Talmudic sages, this collection is an indispensable reading for anyone interested in fantasy fiction and global literature.

Medievalisms in a Global Age Angela Jane Weisl, Robert Squillace, 2024 Discusses contemporary medievalism in studies ranging from Brazil to West Africa, from Manila to New York. Across the world, revivals of medieval practices, images, and tales flourish as never before. The essays collected here, informed by approaches from Global Studies and the critical discourse on the concept of a Global Middle Ages, explore the many facets of contemporary medievalism. Post-colonial responses to the enforced dissemination of Western medievalisms attempts to retrieve pre-modern cultural traditions that were interrupted by colonialism, the tentative forging of a global medieval imaginary from the world's repository of magical tales and figures, and the deployment across borders of medieval imagery for political purposes. The volume is divided into two sections dealing with Local Spaces and Global Geographies. The contributions in the first consider a variety of medievalisms tied to particular places across a broad geography, but as part of a larger transnational medievalist dynamic.

Those in the second focus on explicitly globalist medievalist phenomena whether concerning the projection of a particular medievalist trope across borders or the integration of medieval pasts from different parts of the globe in a contemporary incarnation of medievalism A wide range of topics are addressed from Japanese manga and Arthurian tales to The O Trilogy of Maurice Gee Camus and Dungeons and Dragons
