Monty Python Encyclopedia:

Monty Python encyclopedia Robert Ross, 2001 *Everything I Ever Needed to Know About _____ * I Learned from Monty Python* Brian Cogan, Ph.D., Jeff Massey, Ph.D., 2014-03-18 A comprehensive and hilarious guide to understanding the many Monty Python jokes and allusions Throughout their five seasons on British television and well into the troop's movie sequels and assorted solo projects Monty Python became a worldwide symbol not only for taking serious subjects and making them silly but also for treating silly subjects seriously Monty Python provided a treasure trove of erudite in jokes offering sly allusions to subjects as diverse as T S Elliot's *Murder in the Cathedral* as part of a commercial for a weight loss product and how to conjugate Latin properly as explained by a Roman centurion to a Jewish zealot painting anti Roman graffiti on a wall It was this combination of the uniquely highbrow but silly humor that inspired countless followers Saturday Night Live to name one This hilarious and helpful guide puts Python's myriad references into context for the legion of fans scholars and pop culture aficionados that still strive to get Monty Python

A Portrait of the Artist as Australian Paul Matthew St. Pierre, 2004 This book is the first critical assessment of Humphries' entire oeuvre especially his career as an author Arguing that Humphries is one of Australia's greatest writers the author reveals a multi-faceted artist whose success is rooted in the British music hall tradition Dadaism and grotesquerie Being Australian has also fundamentally shaped the performer and writer and the author's defence of Humphries against charges of expatriatism is pertinent to the debate on Australian national identity

Music in Comedy Television Liz Giuffre, Philip Hayward, 2017-03-27 The study of television and music has expanded greatly in recent years yet to date no book has focused on the genre of comedy television as it relates to music *Music in Comedy Television Notes on Laughs* fills that gap breaking new critical ground With contributions from an array of established and emerging scholars representing a range of disciplines the twelve essays included cover a wide variety of topics and television shows spanning nearly fifty years across network cable and online structures and capturing the latest research in this growing area of study From *Sesame Street* to Saturday Night Live from Monty Python to *Flight of the Conchords* this book offers the perfect introduction for students and scholars in music and media studies seeking to understand the role of music in comedy onscreen and how it relates to the wider culture

Monty Python's Flying Circus Darl Larsen, 2008-06-13 In 1969 the BBC aired the first episode of a new comedy series titled Monty Python's Flying Circus and the rest as they say is history An instant success the show ran until 1974 producing a total of 45 episodes Despite the show's very English humor and allusions to many things British the series developed a cult following outside the U K particularly in the United States Known for its outrageous humor occasionally controversial content and often silly spirit Monty Python's Flying Circus poked fun at nearly all institutions domestic or foreign grand or intimate sacred or not Indeed many of the allusions and references in the program were uniquely British and routinely obscure and therefore not always understood or even noticed outside the British Isles This exhaustive reference identifies and explains the plethora of cultural

historical and topical allusions of this landmark series In this resource virtually every allusion and reference that appeared in an episode whether stated by a character depicted in the mise en scene or mentioned in the printed scripts is identified and explained Organized chronologically by episode each entry is listed alphabetically indicates what sketch it appeared in and is cross referenced between episodes Entries cover literary and metaphoric allusions symbolisms names peoples and places as well as the myriad social cultural and historical elements photos songs slogans caricatures that populate and inform these episodes Entries Include Arabella Plunkett Group of famous characters from famous paintings Hell s Grannies HRH The Dummy Princess Margaret Kandinsky On the Dad s Liver Bachelors at Large Raymond Baxter type Scun Spanish Inquisition Third Parachute Brigade Amateur Dramatic Society total cashectomy Two Sheds Umbonga s hostile opening Vicar sitting thin and unhappy in a pot What s all this then **Guiltless Pleasures: A David Sterritt Film Reader** David Sterritt,2005

Python beyond Python Paul N. Reinsch,B. Lynn Whitfield,Robert G. Weiner,2017-07-14 This collection of original interdisciplinary essays addresses the work of Monty Python members beyond the comedy show films and live performances These men are prolific creators in a variety of artistic realms beyond the confines of the comedy troupe Their work as individuals before and after coming together as Monty Python demonstrates a restless curiosity about culture that embraces absurdity but seldom becomes cynical Python members collectively and individually create unique approaches to theatre film video games comic books business training videos and more Python Beyond Python increases our understanding of this often neglected work and the meanings of Monty Python **All the Knowledge in the World** Simon Garfield,2023-02-28 From the deliriously clever Boston Globe Simon Garfield New York Times bestselling author of Just My Type comes the wild and fascinating story of the encyclopedia from Ancient Greece to the present day New York Times Book Review Editors Choice A brilliant book about knowledge itself Deirdre Mask author of The Address Book Garfield s witty history captures the obsessive quixotic and sometimes error filled quests of those from Pliny the Elder in the first century A D to Wikipedians in this one who have attempted to corral all the world s information into a single source New York Times The encyclopedia once shaped our understanding of the world Created by thousands of scholars and the most obsessive of editors a good set conveyed a sense of absolute wisdom on its reader Contributions from Albert Einstein Sigmund Freud Orville Wright Alfred Hitchcock Marie Curie and Indira Gandhi helped millions of children with their homework Adults cleared their shelves in the belief that everything that was explainable was now effortlessly accessible in their living rooms Now these huge books gather dust and sell for almost nothing on eBay Instead we get our information from our phones and computers apparently for free What have we lost in this transition And how did we tell the progress of our lives in the past All the Knowledge in the World is a history and celebration of those who created the most ground breaking and remarkable publishing phenomenon of any age Simon Garfield who has a genius for being sparked to life by esoteric enthusiasm and charming readers with his delight The Times guides us on an utterly delightful journey from Ancient Greece to Wikipedia from modest single volumes to the 11 000
