Monumental Annuel 2000:

Beyond the Yellow Badge Mitchell Merback, 2008 Bringing together thirteen leading art historians Beyond the Yellow Badge seeks to reframe the relationship between European visual culture and the many changing aspects of the Christian majority's negative conceptions of Jews and Judaism during the Middle Ages and early modern periods La réception de l'architecture du mouvement moderne Jean-Yves Andrieux, Fabienne Chevallier, 2005 Les démarches radicales s'inscrivent souvent dans un espace transcendant C'est ce qui est arrivé à la modernité architecturale bien connue pour ses héros ses icônes ses manifestes et ses intentions sociales générales Mais comment l'architecture art de l'utilitas aurait-elle pu se délier des contraintes du XX^e siècle Elle est bien la fille des mythes des contradictions des aspirations et plus encore des rapports de force en transformation du siècle passé Raum und Sehen am päpstlichen Hof von Avignon Tanja Hinterholz, 2024-09-02 The book shines a light on the fresco cycles of Italian painter Matteo Giovannetti at the papal court of Avignon After completing his first project in the Chapel of St Martial the painter became one of the highest ranking artists at court However due to the unconventional placement of the cycles monumental scenes inside the court's confined spaces art history never fully recognized the potential of his paintings Giovannetti's strength lies in creating visual connections between individual scenes that underline specific messaging regarding papal authority The book recognizes these visual clues for the first time by considering medieval reading practices resulting in a new interpretation of these wall paintings while sharpening our understanding of medieval art in general New interpretation of Matteo Giovannetti's painting at the papal court in Avignon A new look at the visual habits of the Middle Ages Spatial perception and reception aesthetic considerations for the art of the Middle Ages **Histoire matérielle du bâti et projet de sauvegarde** Franz Graf, 2014-05-28 Le bâti moderne et contemporain apparaît aujourd'hui comme le lieu même de l'exercice du métier d'architecte tant par son ampleur que par les interrogations théoriques qu'il soulève Le projet d'architecture au plus près de l'existant se définit comme projet de sauvegarde c'est-à-dire la fois en tant que projet de conservation mais aussi de nouvelle matérialité Il requiert un savoir-faire tout particulier quant aux techniques d'entretien raffiné de conservation de restauration voire de *weiterbauen* mettre en œuvre L'histoire matérielle du bâti constitue son assise et elle impose une connaissance exhaustive des différents matériaux chantiers et systèmes constructifs développés au cours du XX^e siècle Ce recueil d'essais et de réflexions critiques se propose de participer à la reconnaissance de cette discipline nouvelle que constituent la fois la connaissance de l'histoire matérielle et celle du projet de sauvegarde Un savoir actif et vivant en lien étroit avec la pratique la recherche et l'enseignement en architecture Sur la base d'une approche inédite mettant en lumière les contextures matérielles cet ouvrage de référence appelle le largissement de la recherche architecturale contemporaine au projet dans l'existant ainsi qu'aux considérations sur la préservation des qualités de notre bâti le plus récent *Annual Report for the Year ... Le devenir de l'art d'église dans les paroisses catholiques du Québec Richard Gauthier,2005 La présente thèse doctorale fait état du problème que soulève l'art d'église et ses mutations actuelles dans les paroisses catholiques du Québec. Ayant connu ses heures de gloire, cette tradition artistique mute et il est maintenant difficile d'en cerner la dynamique. Une approche méthodologique s'avère donc pertinente pour situer le problème dans une juste perspective en appréciant la nature et la pertinence et suggérer des balises aptes à guider la solution. Tout d'abord par l'histoire des comités d'art sacré des diocèses catholiques du Québec et de Montréal qui sont les témoins privilégiés de l'évolution des conceptions de l'art d'église de leurs paroisses depuis le concile Vatican II par la recension de pratiques nouvelles dans quelques unes de ces églises et par un inventaire des constructions et des aménagements partiels d'églises paroissiales dans les trois diocèses les plus peuplés. On se fait une idée assez juste de la situation actuelle de l'art d'église des paroisses catholiques du Québec. Par la suite, en évaluant les chances de son acculturation selon un outillage théorique approprié et en retenant des éléments de l'histoire presque bimillénaire de l'art d'église, le rapport entre cette tradition artistique et ses mutations actuelles au Québec apparaît moins problématique. Malgré la baisse marquée des commandes ecclésiastiques dans les années qui ont suivi le concile, ce type d'art d'église perdure dans la sphère publique en corrélation avec l'intérêt de nombreux citoyens envers ce patrimoine. Ainsi, cette tradition artistique se poursuit d'une manière indite, sujette à évoluer.
