A fresh, profound, and fun way to look at all things astro while also making spot-on observations about your pop culture faves. *Cosmopolitan* A soulful exploration of the twelve astrological signs embodied by our living stars from divas to philosophers, poets to punks, and the ways they can help us better understand ourselves and each other from the wildly popular astrology columnist for *New York magazine's The Cut*. Whether you believe in it or not, astrology's job has never been to give us a preordained vision of the future nor to sort us into twelve neat personality types but to provide the tools and language for delving into our deepest, best, most thorny contradictions and for understanding ourselves and each other in our full complexity. The stars and the planets then are more like mirrors that show us who we are that give us an understanding of how to be and how to move through the world how certain people do it differently and what we can learn by studying them. In *Madame Clairevoyant's Guide to the Stars*, Claire Comstock Gay brings the sky down to Earth and points to our popular stars from Aretha Franklin to Mr. Rogers from poets in Cancer to punk singers in Scorpio to reveal what the sky has to teach us about being human. In this wise, lyrically written guide she examines the twelve

astrological signs illuminating the ways each one is more complicated beautiful and surprising than you might have been told Claire suggests that actually it's okay and even important to be a seeker to hunger for self knowledge and if astrology is the vehicle for that inquiry so be it Madame Clairevoyant's Guide to the Stars offers a clear introduction to the basics and an innovative new framework for creatively using astrology to illuminate our lives on earth It's a road map to our internal world yes but Claire also reminds us that it's still our job to navigate it Combining both heavenly insights and the earthly wisdom of writers like Cheryl Strayed and Heather Havrilesky and the poetry of Patricia Lockwood and Mary Oliver Madame Clairevoyant's Guide to the Stars offers a fresh profound and fun way to look at ourselves and others and perhaps see each more clearly And in that way this book is not just beautiful but transformative **Whispers from the Cosmos** Laurie Baum MSW,2005-11-23 Whispers from the Cosmos Sun Sign Personality Guide Predictions for 2006 and 2007 gives you timeless advice about your Sun Sign Moon Sign and Rising Sign More Turn to this book for valuable guidance about Health Finances Relationships Personal growth Spirituality Career You also will learn about Your Talents Potentials How to Benefit from the Coming Times How Astrology Works Why Astrology is Affecting You Now By reading this book you will be ready for greater possibilities and make the most of opportunities destined for you [Planetary Daily Guide for All; Or, Moon's Sign Book](#)
