Moon Of Gomrath:

The Moon of Gomrath Alan Garner, 1998 With the help of the wizard Cadellin Colin and Susan struggle to contain the forces of evil unleashed by the inadvertent awakening of the band of ancient horsemen known as the Wild Hunt **Moon of Gomrath** Alan Garner, 1998-01-01 With the help of the wizard Cadellin Colin and Susan struggle to contain the forces of evil unleashed by the inadvertent awakening of the band of ancient horsemen known as the Wild Hunt **Moon Of Gomrath** Alan Garner, 2006-10-01 With the help of the wizard Cadellin Colin and Susan struggle to contain the forces of evil unleashed by the inadvertent awakening of the band of ancient horsemen known as the Wild Hunt **The Moon of Gomrath** Alan Garner, 2006-10-01 The Weirdstone of Brisingamen and The Moon of Gomrath Alan Garner, 2015-09-03 From the author of the Booker Prize shortlisted *Treacle Walker* and the Carnegie Medal and *Guardian Children's Fiction Prize* winning classic *The Owl Service* Two timeless classics from one of the greatest fantasy writers of all time **Four British Fantasists**

Charles Butler, 2006-04-25 *Four British Fantasists* explores the work of four of the most successful and influential fantasy writers of the generation who rose to prominence in the second Golden Age of children's literature in Britain Susan Cooper Alan Garner Diana Wynne Jones and Penelope Lively Drawing on history archeology social geography anthropology and postcolonial theory as well as literary criticism Butler provides a series of new perspectives through which to view these writers' achievements He begins by highlighting some points of biographic coincidence e.g. all four authors were children during WWII all were born within a year or two of each other and all attended Oxford University in the early 1950s when C.S. Lewis and J.R.R. Tolkien were publishing their seminal fantasies and questions if these factors play any significant role in the development of these fantasy writers The author then uses this question as the springboard for a case study in the assessment of biographical and literary influence The book also considers the role played by Britain itself in determining the shape and preoccupations of these writers' fiction Britain is a land with a long history in which contemporary life is constantly juxtaposed with evidence of the past in the form of ancient buildings historic sites and archeological remains By placing the work of Cooper Garner Jones and Lively in the context of British culture and of their own time Butler provides a key to their fascination with history mythology and magic and to the ways in which that fascination has found expression in their fiction Students of children's literature and of fantasy literature as well as readers who are interested in the lives of these four subject authors will find this an insightful read **The Lord of the Rings** Harold Bloom, 2008 Presents a collection of critical essays discussing Tolkien's epic fantasy

Focus on Comprehension - 3 Louis Fidge, 1999 *Focus on Comprehension* offers three levels of differentiated activities designed to help children develop a wide range of comprehension skills Already a popular solution for SATs comprehension practice this new program follows the range of texts and objectives required by the National Literacy Strategy Framework for Teaching **Four British Fantasists** Charles Butler, Catherine Butler, 2006-04-25 Explores the work of four of the successful of the generation of fantasy writers who rose

to prominence in the second Golden Age of children's literature in Britain *New Directions in Children's Gothic* Anna Jackson, 2017-03-27 Children's literature today is dominated by the gothic mode and it is in children's gothic fictions that we find the implications of cultural change most radically questioned and explored. This collection of essays looks at what is happening in the children's Gothic now when traditional monsters have become the heroes when new monsters have come into play when globalisation brings Harry Potter into China and yaoguai into the children's Gothic and when childhood itself and children's literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain. We look in detail at series such as The Mortal Instruments, Twilight, Chaos Walking, The Power of Five, Skulduggery Pleasant and Cirque du Freak at novels about witches and novels about changelings at the Gothic in China, Japan and Oceania and at authors including Celia Rees, Frances Hardinge, Alan Garner and Laini Taylor amongst many others. At a time when the energies and anxieties of children's novels can barely be contained anymore within the genre of children's literature spilling over into YA and adult literature we need to pay attention. Weird things are happening and they matter.
