Clark Power, Ann Higgins, Ann Higgins-D'Alessandro, Lawrence Kohlberg, 1989 Lawrence Kohlberg's *Approach to Moral Education* presents what the late Lawrence Kohlberg regarded as the definitive statement of his educational theory Addressing the sociology and social psychology of schooling the authors propose that school culture become the center of moral education and research They discuss how schools can develop as just and cohesive communities

by involving students in democracy and they focus on the moral decisions teachers and students face as they democratically resolve problems. As the authors put it: We propose an educational renewal of our democratic society. We have attempted to establish schools that do more than just teach about democratic citizenship that are themselves democratic societies. *How to Teach Moral Competence* Georg Lind, 2019-10-28. What is moral competence? Can it be measured? Can it be taught effectively? If so, how? This book explores these questions from three perspectives: experimental psychology, curriculum development, and instructor training. Part one discusses the research from which, like a jig saw puzzle, a comprehensive picture of the nature, development, and teachability of morality emerges. The picture focuses on moral competence: the ability to solve problems and conflicts on the basis of moral principles through deliberation and discussion rather than violence and deceit. Part two explains how moral competence can be taught effectively with the Konstanz Method of Dilemma Discussion, also known as Discussion Theater, which has been used with great success to foster moral development in schools and universities, military installations, prisons, and retirement communities in many countries. The book describes the Method, gives vivid illustrations of its use, and provides psychologists, teachers, and professional trainers with resources and guidance in its application. The definitive research-based book on morality teaching with highly useful applications to educational practice. Highly recommended. Dr. Herbert Walberg, Emeritus Professor of Education and Psychology, University of Illinois at Chicago. We all want to be good, Lind contends; it's part of our human inheritance. But being morally competent, he shows, is enhanced and nourished when educators develop propulsive learning opportunities for students to practice and develop. Dr. William Ayers, Distinguished Professor Emeritus of Education, University of Illinois at Chicago. Lind's mastery of the history and philosophy of morality and moral education is quite apparent. He writes of the complex issues bound up in morality in a beautifully clear and persuasive manner. Dr. Richard M. Felder, Hoechst Celanese Professor Emeritus, North Carolina State University. Dr. Lind's experimental and educational approach to morality is unique worldwide. Dr. Ewa Nowak, Professor of Philosophy and Ethics, Adam Mickiewicz University, Poznań, Poland. I really didn't think that one can discuss highly controversial issues in such a peaceful way. I learned a lot. A forty-year-old participant of a KMDD DT session. Moral Education Clive M. Beck, Brian S. Crittenden, Edmund V. Sullivan, 1971-12-15. This volume, based on an interdisciplinary conference of psychologists, sociologists, philosophers, and social scientists, explores a topic of vital importance today: moral education. The book is organized around four questions: the nature and scope of moral education; the problem of ethical pluralism; psychological considerations in a program of moral education; and the social structure of the school as it relates to moral education. This volume will interest philosophers and social scientists concerned with human behaviour and values. It will be of special interest to those engaged in educational research, to curriculum planners, and to teachers. *Stages of Moral Development as a Basis for Moral Education* Lawrence Kohlberg, 1971*. **Moral Education for Social Justice** Larry Nucci, Robyn Ilten-Gee, 2021. The authors draw from their work with teachers and students to address issues of social justice.
