**Paula Satne, Krisanna M. Scheiter**

## **Morality And Conflict:**

*Morality and Conflict* Stuart Hampshire, 1983-01-01      Moral Differences Richard W. Miller, 2014-07-14 In a wide ranging inquiry Richard W Miller provides new resources for coping with the most troubling types of moral conflict disagreements in moral conviction conflicting interests and the tension between conscience and desires Drawing on most fields in philosophy and the social sciences including his previous work in the philosophy of science he presents an account of our access to moral truth and within this framework develops a theory of justice and an assessment of the role of morality in rational choice In Miller s view we are often in a position to claim that our moral judgments are true descriptions of moral facts But others relying on contrary ways of moral learning would reject truths that we are in a position to assert in dissent that does not depend on irrationality or ignorance of relevant evidence or arguments With this mixed verdict on moral realism Miller challenges many received views of rationality scientific method and the relation between moral belief and moral choice In his discussion of justice Miller defends the adequacy for modern political choices of a widely shared demand that institutions be freely and rationally acceptable to all Drawing on social research and economic theories he argues that this demand has dramatically egalitarian consequences even though it is a premise of liberals and conservatives alike In the final chapters Miller investigates the role and limits of morality in the choice of conduct arguing for new perspectives on reason and impartiality Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Moral Relevance and Moral Conflict** James D. Wallace, 2019-06-30 How do we establish the relevance of a moral consideration when doing so is problematic How are conflicts among relevant considerations properly resolved James D Wallace maintains that a successful ethical theory should be able to answer these important questions Nevertheless he argues the leading contemporary moral theories do not satisfactorily address them In this book Wallace criticizes the standard philosophical accounts of how we should resolve problems of moral relevance and moral conflict He proceeds by looking at such accounts as utilitarianism Kantian moral theory and intuitionism and by providing an extended evaluation of Henry Sidgwick s moral epistemology According to Wallace these approaches pose difficulties because they all assume that there exist fixed unchanging standards rules or methods that give us explicit directions for the solution of such problems He then goes on to develop his own contextualist approach which combines elements of both Aristotelian and pragmatic views To solve new problems he asserts we must adapt what we have learned from past problems to novel circumstances sometimes appreciably changing our ways of dealing with certain kinds of issues In adapting our ways of dealing with these issues to unprecedented problems and in

dealing with the conflicts that arise from unprecedented juxtapositions of considerations we alter and even reform morality

**The Morality of Conflict** Samantha Besson, 2005-11-23 It aims to provide a fully fledged political morality of conflict by drawing on the analysis of topical jurisprudential questions in the new light of disagreement **The Structure of Moral**

**Action: A Hermeneutic Study of Moral Conflict** M. J. Packer, 1985-07-12 Morality in Conflict in the Workplace Cathy A. Bennett, 2014 Conflict is still thought of as something to avoid at all costs in most organizations Unfortunately the way conflict is currently framed by Western society keeps it from being better understood and well managed Most workplace conflict is currently thought of as happening to the people involved based on Western society's dependence on realism as the predominant way of knowing This orientation to reality along with an unconscious reliance on the implicit morality of Western society's strict family dynamics versus nurturing family dynamics conditions the response to conflict resolution Current traditional conflict resolution techniques are not solving the problem of workplace conflict A new awareness of the intrapsychic processes of conflict is required in order to create a different orientation to conflict and longer lasting resolution This thesis contends that the intrapsychic processes are the cause of most if not all workplace conflict These processes include cognitive biases such as judgmentalism prejudice stereotyping and discrimination cognitive errors that create perceptual distortions and false realities and emotional reactivity based on evolutionary threat response These tendencies coupled with Western society's overarching moral paradigms create a conundrum impossible to overcome for most In order to create a more effective way of dealing with the implicit aspects of conflict a better understanding of intrapsychic processes must be brought forth For this purpose the moral psychology of social psychologist Jonathan Haidt will be presented as a new way of viewing conflict in the workplace using a social constructivism epistemology From the reframing of workplace conflict using Haidt's moral psychology this thesis proposes a pilot for a new conflict training course with the goal of making morality as defined by Haidt conscious and accessible to managers and supervisors who must manage workplace conflict Haidt's moral psychology reframes traditional conflict in an evolutionary and moral way which enhances the human tendencies toward altruism rather than selfishness Reframing conflict as moral dilemmas changes the emphasis from unconscious colluding with forces outside oneself to the need for conscious awareness of the part one plays in conflict intentionally or not Conflict cannot be avoided as long as organizations are human based but it can be managed if it is understood *The Conflict Between Love and Morality* More P. McCarthy, 2019-03-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the

Demont-Biaggi,2017-10-24 This book explores topical issues in military ethics by according peace a central role within an interdisciplinary framework Whilst war and peace have traditionally been viewed through the lens of philosophical enquiry political issues and theological ideas as well as common sense have also influenced people s understanding of armed conflicts with regards to both the moral issues they raise and the policies and actions they require Comprised of fourteen essays on the role and application of peace the book places emphasis on it s philosophical moral theological technological and practical implications Starting with an overview of Kantian perspectives on peace it moves to discussions of the Just War debates religious conceptualizations of peace and the role of peace in modern war technology and cyber security Finally concluding with discussions of the psychological and medical impacts of war and peace on both the individual and the larger society this collection offers a contribution to the field and will be of interest to a wide audience Chapters 4 6 and 10 of this book are available open access under a CC BY 4 0 license at link [springer.com](https://www.springer.com) **Morality and Commitment** Paul H.

Steinberg,1974 *The Conflict Between Love and Morality (Classic Reprint)* P. McCarthy More,2015-07-20 Excerpt from The Conflict Between Love and Morality People who live in an era of change should try to realise their good fortune They may have to suffer some discomfort but at least they have no excuse for boredom Such an era has its responsibilities also which in a greater or lesser degree rest upon each one of us As all matter consists of atoms so all populations consist of individuals therefore to a certain extent what every one thinks matters We now know that every being is consciously or unconsciously a species of wireless telegraphy station sending out and receiving brain messages and these brain messages are influences and of these influences the Zeitgeist is in fact the embodiment About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Moral Conflict* W. Barnett Pearce,Stephen W. Littlejohn,1997-03-20 Moral Conflict the subject of this book is passionate and difficult to resolve Responses that are normally effective such as explaining persuading and compromising can make matters worse and drive people further apart in such conflicts Moral conflicts occur when incommensurate social realities come to clash Disputes about abortion religion in politics and education legal rights for homosexuals and environmental politics are

issues in which well intentioned parties have created polarized and diverse patterns of communication The most virtuous actions of each side not only fail but widen the schism Such conflicts require us to find forms of communication that go beyond our normal ways of dealing with disagreement In an original synthesis of communication theory and their own research W Barnett Pearce and Stephen W Littlejohn describe a dialectical tension between the expression and suppression of conflict that can be transcended in ways that lead to personal growth and productive patterns of social action In *Moral Conflict* several projects are described as practical examples of these new ways of working through difficult struggles

Justice Is Conflict Stuart Hampshire, 2018-06-05 This book which inaugurates the Princeton Monographs in Philosophy series starts from Plato's analogy in the Republic between conflict in the soul and conflict in the city Plato's solution required reason to impose agreement and harmony on the warring passions and this search for harmony and agreement constitutes the main tradition in political philosophy up to and including contemporary liberal theory Hampshire undermines this tradition by developing a distinction between justice in procedures which demands that both sides in a conflict should be heard and justice in matters of substance which will always be disputed Rationality in private thinking consists in adversary reasoning and so it does in public affairs Moral conflict is eternal and institutionalized argument is its only universally acceptable restraint and the only alternative to tyranny In the chapter Against Monotheism Hampshire argues that monotheistic beliefs are only with difficulty made compatible with pluralism in ethics In *Conflict and Conflict Resolution* he argues that socialism seen as the proposal of extended political solutions for natural human ills is still a relevant yet strongly contested ideal

**The Culture of Morality** Elliot Turiel, 2002 This book presents a perspective on moral and social development based on psychological research and philosophical works People in subordinate positions often oppose cultural practices and work to subvert them The book presents many examples of such opposition aimed at explaining the complex relations of individuals and society

**Moral Conflict and Politics** Steven Lukes, 1991 This fascinating study Steven Lukes one of the foremost political theorists writing in English today examines value pluralism and moral conflict and their implications for political thinking and practice In Parts I and II he discusses them directly and their consequences for how we are to think about equality liberty power and authority In Part III he focuses on the non obvious role of morality in Marxist theory and practice and in Part IV he examines the contributions of contemporary political thinkers including Vaclav Havel In the final section he puts theory to the test looking at important political issues and showing how political moralities influence the world we live in This book will be of particular interest to teachers and students of political theory political philosophy and moral philosophy

*The Morality of War* David Todd Kinsella, Craig L. Carr, 2007 A highly useful core text for courses in the field as well as an invaluable reference for any serious student of the ethics of war Albert Pierce U S Naval Academy When and why is war justified How morally speaking should wars be fought *The Morality of War* confronts these challenging questions surveying the fundamental principles and themes of the just war tradition through the words of the

philosophers jurists and warriors who have shaped it The collection begins with the foundational works of just war theory as well as those of two competing perspectives realism and pacifism Subsequent selections focus on issues related to the resort to war the conduct of war and the judgment of war crimes Both traditional just war concerns and those that have emerged in response to contemporary developments such as the U S war on terror are thoroughly covered With articles that are crucially relevant to today s world paired with contextual introductions to each section the reader is ideally constructed to inform and guide students as they consider the morality of past and current military actions David Kinsella is associate professor of political science at the Hatfield School of Government Portland State University He is editor of *International Studies Perspectives* and coauthor of *World Politics The Menu for Choice* Craig L Carr is professor of political science at the Hatfield School of Government He is author of *On Fairness* and editor of *The Political Writings of Samuel Pufendorf* *Conflict and Resolution: The Ethics of Forgiveness, Revenge, and Punishment* Paula Satne, Krisanna M. Scheiter, 2022-05-05 Given the current climate of political division and global conflict it is not surprising that there has been an increasing interest in how we ought to respond to perceived wrongdoing both personal and political In this volume top scholars from around the world contribute all new original essays on the ethics of forgiveness revenge and punishment This book draws on both historical and contemporary debates in order to answer important questions about the nature of forgiveness the power of apology the relationship between punishment and revenge the path to reconciliation the morality of blame and the role of forgiveness in political conflict Chapter 16 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) *Doing Evil to Achieve Good* Richard A. McCormick, Paul Ramsey, 1985-03-06 *Contesting Moralities* Nannekke Redclift, 2005-05-23 Questions of public and private morality values and choices have become important areas of collective discussion A key feature of this book is that it takes an ethnographic rather than a philosophical or speculative approach to moral debates This study examines the contemporary explosion of ethical discourse in the public domain and the growing importance of moral rhetoric as an aspect of social relations *Screen Stories and Moral Understanding* Carl Plantinga, 2023 The stories we tell and show in whatever medium play varied roles in human cultures One such role is to contribute to moral understanding Moral understanding goes beyond moral knowledge it is a complex cognitive achievement that may consist of one or more of the following the ability to understand why to ask the right questions categorization the application of models to specific incidents or the capacity to make connections between morally charged situations that have a common underlying meaning While the disciplines of communication psychology philosophy and film and media studies have all made significant scholarly progress on this issue they make different grounding assumptions and use different terminologies *Screen Stories and Moral Understanding* approaches the topic from an interdisciplinary perspective and explores the conditions under which stories we view on screens movies streamed series and television can lead to moral understanding in viewers In five sections this book explores the nature of moral understanding in relation to screen stories

the means by which moving image fictions can transfer knowledge to and cultivate perspectives in viewers the role of affect in generating moral understanding the viewer's engagement with characters and what we do with screen stories after viewing them

**The Moral Target** F.M. Kamm, 2012-11-29 This title comprises essays that discuss aspects of war and other conflicts in the light of nonconsequentialist ethical theory The topics include the relation between conditions that justify starting war and those that justify stopping it the treatment of combatants and noncombatants in war and much more
