**Detroit** Scott Martelle,2011 A valuable biography sure to appeal to readers seeking to come to grips with important problems facing not just a city but a country Kirkus Detroit was established as a French settlement three quarters of a century before the founding of this nation A remote outpost built to protect trapping interests its industry took a great leap forward with the completion of the Erie Canal Detroit turned iron into stoves and railcars and eventually cars by the millions This vibrant commercial hub attracted businessmen and labor organizers European immigrants and African Americans from the rural South At its heyday in the 1950s and 60s one in six American jobs were connected to the auto industry its epicenter in Detroit And then the bottom fell out Detroit A Biography takes a long unflinching look at the evolution of one of America s great cities and one of the nation s greatest urban failures It seeks to explain how the city grew to become the heart of American industry and how its utter collapse resulted from a confluence of public policies private industry decisions and deep thick seams of racism And it raises the question when we look at modern day Detroit are we looking at the ghost of America s industrial past or its future Scott Martelle is the author of The Fear Within and Blood Passion and is a professional journalist who has written for the Detroit News the Los Angeles Times the Rochester Times Union and more He lives in Irvine California

consumerism He believed in giving his workers a living wage though he was entirely opposed to union labor He had a warm and loving relationship with his wife but sired a son with another woman A rabid anti Semite he nonetheless embraced African American workers in the era of Jim Crow Uncovering the man behind the myth situating his achievements and their attendant controversies firmly within the context of early twentieth century America Watts has given us a comprehensive illuminating and fascinating biography of one of America s first mass culture celebrities     **A Complement to Genealogies in the Library of Congress** Library of Congress,2012-09 A complement to genealogies in the Library of Congress t p of fifth v     **FAR, The French-American Review** ,1981     The French-American Review ,1980     **The City of Detroit** Clarence Monroe Burton,1922     The City of Detroit, Michigan, 1701-1922; Clarence Monroe Burton,1922     **Joint Documents of the State of Michigan for the Year ...** Michigan,1896     **Lepire v.
