More Binscombe Tales:

Rollover Night John Whitbourn, 1990 Binscombe Tales John Whitbourn, 2011-10-01 There is a real place called Binscombe located in the south east of England but these tales are not about that Binscombe. Instead they concern another Binscombe linked to the first by subtle but invisible bridges of what if. This other Binscombe is a place rich in history where strangers are welcome but not always safe. A place where watching a video is not as harmless a pursuit as it might seem where waiting for the bus may take much longer than expected and where you may count the rooms in your house and not always come up with the same number. It is in short a place that takes its history very seriously and with good reason as the unwary are apt to find out to their cost. No one takes Binscombe and its history more seriously than Mr Disvan whose encyclopaedic knowledge of the village and its past seems to have been acquired through more than simply reading history books. We see Mr Disvan and Binscombe life through the eyes of Mr Oakley a newcomer whose family has long had roots there and who thus proves the truth of a local saying: They always come back. This local connection gives Mr Oakley an opportunity to experience some of the stranger side of life in Binscombe with Mr Disvan as his guide. But it also shows him that once you come back it isn't always possible to leave again. John Whitbourn's Binscombe Tales were originally published in various anthologies and collections between 1987 and 1998. This three volume edition from Spark Furnace Books is the definitive set of all twenty six tales in the saga.

More Binscombe Tales John Whitbourn, 1999 **Binscombe Tales - The Complete Series** John A. Whitbourn, 2012-10-02 Binscombe is a place where things go bump in the night and often in the daytime too. Here you will find stories to fire the imagination, quicken the pulse and chill the blood. It is a place where waiting for a bus may take a lot longer than you think where the rustle in the bushes is likely to be something considerably more secretive and more dangerous than a wild animal where inanimate objects may have strong views of their own and where past, present and future sometimes collide with unpredictable results. To this inward looking corner of England's Home Counties comes Mr Oakley a newcomer in the village but one whose family name appears on some of the oldest gravestones. Mr Oakley believes in the comfort, convenience and security of the modern world and he fancies that the past is safely dead and buried. It is a world view that he will have repeatedly challenged by the mysterious Mr Disvan who acts as his and our guide to the winding byways of the bizarre that thread through Binscombe life. Now that Mr Oakley has returned to his ancestral homeland he will soon discover that reality is a relative concept and the world outside Binscombe will never seem quite the same again. Whitbourn's wit is both unforced and splendidly droll. *The Daily Express*: These stories bring enjoyment of good company and the vicarious chill of a good fright at someone else's expense and are to be heartily recommended. *Interzone*: Original and intriguing. *Starburst*: Pulled off with panache and no small amount of humour. *The Daily Express*: He doesn't cheat and he doesn't soften the edges. *Mary Gentle*: Marvellously inventive. *The Times*: Imagine as a lover of the classic English ghost story that you had yet to discover the works of M R James. Yes seriously it's like that. Phil Rickman *The*
