More Funny Business Jack Preston, 1981 **Collection # 6**, 2006 The Australian Script Centre promotes and distributes some of Australia's best performance writing to a variety of markets This collection profiles the best scripts from the 2005-6 program It includes major prize winners critical and popular successes and yet to be produced gems Beasts of the Past: Book 2 in The Chronicles of Beasts B Ramsey, 2023-04-24 After a tumultuous and albeit bizarre wedding night the newly married couple Charles and Maya Emrys prepare to take their honeymoon A cruise on the royal yacht and finally some relaxing alone time Their trip is derailed after their ship is ransacked by a group of strangely dressed warriors that are after the new Queen of the Children of Selene After being kidnapped Maya learns the origin of her strange new abilities in the heart of Atlantis The legendary home of the supposed massacred Leviathan of old Except there seems to be a few things off about the strange homeland of the ancient vampires Starting with the strange Goddess who has been calling to Maya in her dreams **System** Arch Wilkinson Shaw, 1927 Fire in Every Direction Tareq Baconi, 2025-11-04 LitHub's Most Anticipated Books of 2025 I am forever changed after reading this book Javier Zamora author of *Solito* From the renowned Palestinian scholar a memoir of political and queer awakening of impossible love amidst generations of displacement and what it means to return home Both a love story and a coming of age tale that spans countries and continents *Fire in Every Direction* balances humor and loss nostalgia and hope as it takes us from the Middle East to London and from 1948 to the present Tareq Baconi crafts a deeply intimate unforgettable portrait of how a political consciousness desire and resistance is passed down through generations In 1948 Tareq's grandmother Eva would flee Haifa as Zionist militias seized the city In the late 1970s she would flee Beirut with her daughter Rima as the country was in the throes of a civil war In Amman the family would eventually obtain the comfort of middle class life still a young Tareq would feel trapped by cultures of silence by a sense of not belonging by his own growing awareness that he is in love with his childhood best friend Ramzi After relocating to London for college Tareq hopes to put aside his past and begins to work through an understanding of self as a queer man Yet as the Iraq War radicalizes young people around the world towards anti war protest history comes back to him hushed whispers overheard stories of his mother's years as an activist in Beirut and her return to Palestine during a moment of calm Living between the region and London Tareq fits in neither and feels alienated from both Queerness is policed back in Amman just as his Palestinian-ness is abroad These gradual estrangements escalate forcing him to grapple with what it means to live in liminal spaces and rethink the meaning of home Eventually tracing the journey of his family before him Tareq returns to Palestine This is an account of finding oneself through histories of dispossession and reclaiming what has been silenced *The Last Days of the Late Great United States* Richard Pawley, 2009-06 For thousands of years money was real usually gold or silver until the Chinese invented paper money to replace real money They however had such a bad time with it with so many losing everything time and time again that it had been outlawed in China for more than a generation

before western bankers thought up the idea and convinced King William in 1694 to replace the gold and silver and copper that Englishmen used with their newly printed paper Thus began a grand experiment that may soon come to an end The use of paper money and a debt based economy once known as colonialism or imperialism then capitalism now called globalization may soon be grinding down to a halt as nations around the world try to keep up with the United States in their printing of money Because of derivatives everyone owes everyone else many times more money than the worth of the entire planet The Kings of this Banker s Kingdom are killing the golden goose of taxpayers who have been supporting their lavish lifestyle for generations So entitled are these super rich that they see nothing wrong with goosing the taxpayers of the world for whatever they want The United States and indeed the nations of the world exist for their benefit If you understand this then so much of what goes on in the world becomes understandable but even they are going to grievously suffer in the near future Everyone is going to be affected The Book of Revelation the last book in the Bible refers to what I believe will be a banking world dictatorship which will require all citizens of earth to carry the world leader s mark micro chip or micro computer in their right hands or forehead in order to buy or sell anything It specifically says that this will be required of even a king which in today s parlance would also include prime ministers and presidents Also Interesting is the mention that this mostly One World Government will be controlled from Babylon Iraq Much will have to happen to bring all this about but events happening right now seem to be leading in that direction Unfortunately fewer and fewer people seem to believe the truths of the Bible or to heed it s warnings Even with the discovery in the late 20th Century of an actual code hidden within the ancient Hebrew text and accessible only by computer a code which seems to contain much of the future existence on this planet scoffers still tend to look on the Bible as merely history or worse yet myth We truly live in interesting times and they are going to get incredibly more interesting very soon We have already passed the tipping point but only a few see it Even with the advice in this book your life is going to be greatly different in less than a decade perhaps by next year Ignore this book entirely and there is a much higher probability that you will be one of the victims of The Last Days of The Late Great United States
