The General Purpose

INTERCESSION

Gives an example of a godly attitude and demonstration of love through Paul's petition on behalf of the unprofitable runaway slave, Onesimus.

EXHORTATION

Provides instructions for church leadership with a charge to teach and defend 'sound doctrine' and to admonish believers to zealously maintain 'good works' while looking for our 'BLESSED HOPE.'

ENCOURAGEMENT

To encourage believers to live godly even while enduring times of persecution. Corrects false teaching concerning the rapture or "scooting away" of the 'Body of Christ.'

ADMONITION

Colossians warns against the danger of not holding fast to the Head of the Body. Because any departure from the truth will result in loss of rewards, believers are to set their "affection on things above, not on things on the earth".

SERVANTHOOD

Philippians explains that true joy is found in serving Christ. Faithful service requires believers to be like-minded with Christ who was "obedient unto death".

IDENTIFICATION

Ephesians explains the heavenly position and oneness of the Body of Christ and challenges believers to live accordingly.

REPROOF

To rebuke and call the Galatian church to repentance for their departure from the Gospel of Grace to return to the Law.

CORRECTION

To correct divisions among the brethren and the abuse of spiritual gifts and immortality in the church at Corinth. Paul also defended his apostleship and taught on the resurrection.

EXPLANATION

Romans explains the 'Grace of God' and the temporary setting aside of Israel.

The book of Romans gives us the fundamental truths necessary to understanding the plan and purpose of the Dispensation of the Grace of God revealed through the Apostle Paul. These truths are found only in Paul's writings and are essential to knowing in full the position, walk, commission, and hope of the Body of Christ.

More Letters To Paul:

Statistical Approaches to Paul's Letters Paul Robertson, 2025-09-18 This book demonstrates the utility of statistical and computational approaches to Paul's letters. Such work helps resolve questions of authorship, describes and quantifies aspects of Paul's style, and explains structural relationships within and between Paul's letters. A series of linked case studies deploy a shared set of top-down stylistic features to differentially analyse Paul's seven undisputed letters. Each chapter explores a different digital approach, co-written with a subject expert in this method. Chapters range from a history of the field to theoretical branches of mathematics, with each chapter providing a case study applying a different method to issues within Pauline Studies, with progressively more sophisticated statistical, computational, and mathematical models. *Paul's Large Letters* Steve Reece, 2016-12-15 At the end of several of his letters, the apostle Paul claims to be penning a summary and farewell greeting in his own hand: 1 Corinthians, Galatians, Philemon, cf. Colossians 2, Thessalonians. Paul's claims raise some interesting questions about his letter-writing practices: Did he write any complete letters himself, or did he always dictate to a scribe? How much did his scribes contribute to the composition of his letters? Did Paul make the effort to proofread and correct what he had dictated? What was the purpose of Paul's autographic subscriptions? What was Paul's purpose in calling attention to their autographic nature? Why did Paul write in large letters in the subscription of his letter to the Galatians? Why did he call attention to this peculiarity of his handwriting? A good source of answers to these questions can be found among the primary documents that have survived from around the time of Paul, a large number of which have been discovered over the past two centuries and in fact continue to be discovered to this day. From around the time of Paul, there are extant several dozen letters from the caves and refuges in the desert of eastern Judaea, in Hebrew, Aramaic, Nabataean Greek, and Latin; several hundred from the remains of a Roman military camp in Vindolanda in northern England, in Latin; and several thousand from the sands of Middle and Upper Egypt, in Greek, Latin, and Egyptian Demotic. Reece has examined almost all these documents, many of them unpublished and rarely read, with special attention to their handwriting styles in order to shed some light on these technical aspects of Paul's letter-writing conventions. **The life and letters of Paul the apostle** Lyman Abbott, 1899 **Studying Paul's Letters with the Mind and Heart** Gregory S. MaGee, 2018-09-25 This informative survey of Paul's epistles is conversant with the latest scholarship but written in an engaging style that emphasizes practical application. In each chapter, Gregory MaGee asks and answers a vital question for understanding Paul's letters while prompting the reader to consider the discussion's personal implications. These questions get at the heart of understanding, interpreting, and living out the Pauline letters: Why listen to Paul? Were all thirteen letters really written by Paul? How does Paul interact with the Old Testament? What are some specific interpretive challenges in Paul's letters? How can I wisely apply Paul's teachings? What are the experts saying about Paul these days? What ideas were especially important to Paul? Students and other thoughtful Christians wishing to dig deeper into Paul's letters will benefit from this contemporary overview and

will be challenged to grow spiritually and apply Paul's teachings and example

Lydia Paula Gooder, 2022-10-06 Winner CRT Christian Book of the Year 2023 The New Testament tells us very little about Lydia a seller of purple cloth who was living in Philippi when she met the apostle Paul on his second missionary journey And yet she is considered the first recorded convert to Christianity in Europe In her second work of fiction Biblical scholar and popular author and speaker Paula Gooder tells Lydia's story who she was the life she lived and her first century faith and in doing so opens up Paul's letter to the Philippians giving a sense of the cultural and historical pressures that shaped Paul's thinking and the faith of the early church Written in the gripping style of Gerd Theissen's *The Shadow of the Galilean* and similarly rigorously researched this is a book for everyone and anyone who wants to engage more deeply and imaginatively with Paul's theology from one of the UK's foremost New Testament scholars
