More Of A Certain Age:

Turkish Foreign Policy in an Age of Uncertainty F. Stephen Larrabee, Ian O. Lesser, 2003-01-14 The authors describe the challenges and opportunities facing Turkey in the international environment during a time of extraordinary flux Special emphasis is given to the strategic and security issues facing Turkey including a number of new issues posed by the terrorist attacks of September 2001 and the subsequent international response They conclude by offering some prognostications regarding the country's future and their implications on Turkey's western partners *American Sports in an Age of Consumption* Cory Hillman, 2016-07-27 Sports are not what they used to be New publicly funded stadiums resemble shopping malls Fans compete for cash prizes in fantasy sports leagues Sports video games are now marketing and public relations tools and team logos have become fashionable brands The larger social meanings sports hold for fans are being eclipsed by their commercial function as a means to sell merchandise and connect corporate sponsors with consumers This book examines how the American consumer culture affects professional and collegiate sports reducing fans to consumers and trivializing sports themselves Instructors considering this book for use in a course may request an examination copy here

Performance in an Age of Precarity Maddy Costa, Andy Field, 2021-01-28 This magical book is a love letter to the artists whose imagination and cleverness transport us and unite us and to the beauty and fragility of their performance When I read it I feel like I am constantly on the joyful edge of falling in love trying so hard to keep hold of the feelings evoked A very precious book in our precarious times Vicky Featherstone An anthology of critical essays that draw on a decade of the authors thinking writing about and working within contemporary performance as critics producers dramaturgs makers archivists and more Together the 40 essays sketch a map of the contemporary performance landscape from avant garde dance to live art to independent theatre tracing the contours of its themes aims desires and relationship to the wider worlds of mainstream theatre art and politics Each essay focuses on a particular artist and these include Bryony Kimmings Dickie Beau Forced Entertainment Scottee Selina Thompson Tania El Khoury and Uninvited Guests Reflecting the radical nature of the work considered the authors attempt to find a new vocabulary and a non conventional way of considering live performance in these essays As both a fresh survey of contemporary performance and an exploration of how to think and write about upstream and avant garde work this book should be an essential resource for students artists and audiences as well as an accessible entry point for anyone curious to know about the beautiful and strange things happening beyond the UK's theatrical mainstream *Copyright Law in an Age of Limitations and Exceptions* Ruth L. Okediji, 2017-03-30 In this book leading scholars analyze the important role played by copyright exceptions in economic and cultural productivity The Public Sector in an Age of Austerity Bryan M. Evans, Carlo Fanelli, 2018-07-23 Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered

the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated **Littell's Living Age** Eliakim Littell, Robert S.
