**Overcoming the Fear of Death** Nathan Baylor,2008-11 It did not take me long in the ministry to realize that People are not won to Christ by God patting them on the back of a skeptic hand or thick head containing a closed mind God speaks through the broken heart of the bewildered mourner He touches us where we are hurting I felt a great need for some little book which could be given to those in need of comfort There seemed to be nothing on the market to fill the need so I wrote this Over 4000 were printed and available on the open market One lady wrote and said I am almost 94 and have always been afraid of death My son Roger gave me your book it has given me great comfort Please come and visit me and bring some books for my friends Four years later she went to with Lord in peace not fear *Be Not Afraid* Johann Christoph Arnold,2002 In *Be Not Afraid* Arnold addresses fears that every person faces fear of death and loss illness aging fear of vulnerability and fear of suffering A pastor who has worked with the dying for three decades Arnold knows that each of us must meet death in our own unique way Yet through stories of people he has known and counseled as a pastor relative or friend he shows how all suffering can be given meaning and despair overcome These real life stories offer sure proof that even today in our culture of isolation and death there is reason for hope Publisher s website *Beyond the Horizon* Charles G. *Infinity* Craig Beck,2017-01-09 Birth and death are the only two events that we all share One is remembered and acknowledged every year and is considered a joyful celebration to enjoy The other we bury deep in our subconscious and never talk of it We don t just forget that we are going to die but rather most of us spend a lifetime passively terrified by the mere thought of it Death is coming to us all and it s doesn t care how much money or status you have As the saying goes nobody is getting out of this alive so if you want to ever be truly at peace in this lifetime the first and most important step is to accept your eventual death as readily as you do your birth Western society has stuck its head in the sand and prefers the universal pretense that death really doesn t exist it is just something that happens to other people Our every dealing with it is sanitized We don t even like to talk about people dying instead we dilute it by referring to it as passing on etc We don t talk about it and we don t accept it because for most people the thought of the end is our biggest and most horrific fear In this profound and life shifting book new thought author Craig Beck takes on this most taboo of subjects He shows you why you have nothing to be afraid of and how you can find peace in the knowledge and acceptance of death Not just of those who you share you life with but also the thought of ultimately your own death Discover The power of now living in the moment Limitless mindset and potential The reassurances revealed by palliative care nurses Peace and happiness beyond your dreams Healing rifts and problem relationships Living life to your full potential The peace revealed by Near Death Experiences Understanding and coping with death and grief While many people will avoid this book due entirely to the subject matter Those who are brave enough to take the journey will discover a whole new level of peace purpose and happiness [www.CraigBeck.com](http://www.CraigBeck.com)
