## Owens Defense:

**Side by Side** T.J. Ray, 2016-02-10 A true crime story of a gruesome double homicide in the Jim Crow South and the manhunt and trial that followed. In Oxford, Mississippi, the dawn of the twentieth century seemed to present a sweeping landscape of progress and possibility. But under this veneer of technological advancement, cultural achievement and prosperity lurked a stubborn core of racial discrimination, rampant criminal brutality and violence. On a Sunday morning in 1901, the mutilated corpses of two federal marshals were discovered in the smoldering remains of the home of a notorious local malefactor. The murders committed by moonshiner and counterfeiter Will Mathis and his father-in-law's servant Orlando Lester captivated the nation. The crimes ignited a manhunt, a trial marked by desperate lies and legerdemain, and a media frenzy around the hanging of a white man and a black man side by side. This enthralling account centers on two men judged unequal in life but equal in death. The story draws on primary sources to craft a spellbinding narrative of singular immediacy and vitality. With the consummate skill of a master raconteur, author T.J. Ray powerfully evokes an era, a community and its people.

**The Unwritten Law** Danny Cantrell, 2013-04 The Historic Trial that Divided the Women of America. Pearl, a stunning flapper in the Roaring Twenties, has danced for Rudolph Valentino and enjoys the company of any man she chooses until she decides to carry on an affair with Morgan, a married rural man with two children. Morgan's wife, Ina, disguised in borrowed clothing, guns Pearl down when she finds her on a midnight train with her arms around Morgan. The next day, Pearl's body is placed on public display for a town of strangers and her killer is applauded in the streets by hundreds of country women. A dream team of defense attorneys is hired and the stage is set for a sensational jazz era clash between two distinct views of a woman's role in modern society: that of the virtuous rural mother dressed in gingham and the scarlet woman from the city who would deny a mother and her babies the necessities of life. Should death ever be the price for adultery? That is the question the jury and readers are faced with in **THE UNWRITTEN LAW**.

*Intelligence Services in the Information Age*

Michael Herman, 2013-02-01 Intelligence was a central element of the Cold War and the need for it was expected to diminish after the USSR's collapse; yet in recent years it has been in greater demand than ever. The atrocities of 11 September and the subsequent war on terrorism now call for an even more intensive effort. Important questions arise on how intelligence fits into the world of increased threats, globalization and expanded international action. This volume contains the recent work on this subject by Michael Herman, British intelligence professional for 35 years and Oxford University academic. It compares intelligence with other government information services and discusses the British intelligence system and the case for its reform. It also addresses the ethical issues raised by intelligence's methods and results: do they on balance make for a better world or a worse one? Other chapters explore a wide range of intelligence topics past and present, including the transatlantic relationship, the alliance strategies of Norway and New Zealand, Mrs Thatcher's de-unionization of British Sigint and personal memories of the British Cabinet Office in the 1970s. Michael Herman argues for intelligence professionalism as a contribution

to international security and for its encouragement as a world standard The modern challenge is for intelligence to support international cooperation in ways originally developed to advance national interests while at the same time developing some restraint and international rules of the game in the use of intrusive and covert methods on its traditional targets The effects of 11 September on this challenge are discussed in a thoughtful afterward [500 Owen's Defense Games Bill](#)
