

LIES. LEGACY. MURDER.

The book cover features a dark background with a large, ornate red crest in the center. The crest contains a detailed illustration of a city skyline with a prominent domed building. The title 'OXFORD BLOOD' is written in large, white, distressed, hand-painted letters across the middle of the crest. Several yellow lines, resembling forensic evidence markers, are drawn across the cover, connecting various points. There are also several red fingerprints scattered around the edges of the cover.

author argues that blood was crucially a means by which dramatists negotiated shifting contours of domesticity in 16th and 17th century England Early modern English drama vividly addressed contemporary debates over an expanding idea of the domestic which encompassed the domus as well as sex parenthood household order the relationship between home and state and the connections between family honor and national identity The author contends that the domestic ideology expressed by theatrical depictions of marriage and household order is one built on the simultaneous familiarity and violence inherent to blood The theatrical relation between blood and home is far more intricate than the idealized language of the familial bloodline the home was itself a bloody place with domestic bloodstains signifying a range of experiences including religious worship sex murder birth healing and holy justice Focusing on four bleeding figures the Bleeding Bride Bleeding Husband Bleeding Child and Bleeding Patient the author argues that the household blood of the early modern stage not only expressed the violence and conflict occasioned by domestic ideology but also established the home as a site that alternately reified and challenged patriarchal authority Blood Over Water David Livingston,James Livingston,2010-03-01 The Boat Race is the most divisive event in rowing An extraordinary and gripping story of a battle between brothers Sir Matthew Pinsent
