Dictionary Department. German Section,1999 Acclaimed by language professionals the world over for its comprehensive coverage and meticulous accuracy the Oxford Duden German Dictionary is the result of a unique collaboration between two of the world's foremost dictionary publishers Oxford University Press and the Dudenverlag New to this edition is a guide to life and culture in the German and English speaking worlds This guide covers a wide range of topics from the political and educational systems to key events in the calendar and how they are celebrated It is an ideal reference for University students as well as translators and language professionals This title is a revised edition with supplements and replaces ISBN 0 19 860226 x plain and 0 19 860248 0 thumb index *The Oxford-Harrap Standard German-English Dictionary* Trevor David Jones,1977 To be completed in five volumes this work offers the user a wealth of examples of current and literary German and English usage and provides the translator with accurate and workable equivalents in English and essential grammatical information *German #MeToo* Elisabeth Krimmer,Patricia Anne Simpson,2022 This volume responds to the MeToo movement whose worldwide resonance has illustrated not only the ubiquity of sexual abuse and sexual violence but also the failure to hold perpetrators accountable Representing a range of disciplines the collected essays engage current cultural and political discourses about systemic sexism feminist theory and practice and gender based discrimination from an academic and activist perspective The focus on national cultures of German speaking Europe from the mid eighteenth century to the present captures the persistence of normalized and institutionalized sexism reframed through the lens of a contemporary political and social movement With 16 essays from established and emerging scholars German MeToo argues that sexual violence is not a universal human constant Rather it is enabled and sustained by the social political cultural legal and economic fabric of specific societies The contributors sustain and vary their exploration of MeToo related issues through considerations of rape prostitution sexual murder the politics of consent and victim blaming as enacted in canonical and marginalized authors the visual arts the graphic novel film television and theater **Deutsch, Lehren und Lernen** ,2000 A Dictionary of the German and English Languages George J. Adler,1888 *German Social Democracy through British Eyes* James Retallack,2021-12-02 On the eve of the First World War the German Social Democratic Party SPD was the largest and most powerful socialist party in the world German Social Democracy through British Eyes examines the SPD's rise using British diplomatic reports from Saxony the third largest federal state in Imperial Germany and the cradle of the socialist movement in that country Rather than focusing on the Anglo German antagonism leading to the First World War the book peers into the everyday struggles of

German workers to build a political movement and emancipate themselves from the worst features of a modern capitalist system exploitation poverty and injustice The archival documents most of which have never been published before raise the question of how people from one nation view people from another The documents also illuminate political systems election practices and anti democratic strategies at the local and regional levels allowing readers to test hypotheses derived only from national level studies This collection of primary sources shows why despite the inhospitable environment of German authoritarianism Saxony and Germany were among the most important incubators of socialism
