**Ozu's Anti-cinema** Yoshishige Yoshida,2003 A luminous exploration of one filmmaker s work by another an artist s personal journey a manifesto    Ozu's Anti-cinema Yoshida Kiju,2003    Cinema of Ozu Yasujiro Woojeong Joo,2017-05-18 A re interpretation of the master of Japanese cinema from a socio historical perspectiveOne of the most well regarded of non Western film directors responsible for acknowledged classics like Tokyo Story 1953 Ozu Yasujiro worked during a period of immense turbulence for Japan and its population This book offers a new interpretation of Ozus career from his earliest work in the 1920s up to his death in 1963 focusing on Ozus depiction of the everyday life and experiences of ordinary Japanese people during a time of depression war and economic resurgence Firmly situating him within the context of the Japanese film industry Woojeong Joo examines Ozus work as a studio director and his relation to sound cinema and looks in depth at his wartime experiences and his adaptation to post war Japanese society Drawing on Japanese materials not previously examined in western scholarship this is a ground breaking new study of a master of cinema Case studies include Ozus shAshimin films Ozus wartime films including the script of The Flavour of Green Tea over RicePostwar script of The Moon Has RisenTokyo Story    **Ozu International** Wayne Stein,Marc DiPaolo,2016-09-22 In Japan and much of Europe Ozu is widely considered to be one of the finest film directors who ever lived While Ozu has a strong reputation in the West his films are not as well known or widely appreciated in the U S as they are elsewhere A notable exception to this trend is film critic Roger Ebert who recently wrote that Ozu is one of his three or four favorite directors Also moving beyond the view that Tokyo Story is a masterful exception in the Ozu canon Ebert sees Ozu s films as nearly always of the same high quality Ozu International will reflect on Ebert s view of Ozu by arguing that this director deserves broader recognition in the U S and that his entire canon is worthy of serious study With the recent release of more than 15 Ozu DVDs in the Criterion Collection covering every phase of his career at least in part including silent films black and white talkies and color films Ozu International helps to fill a lingering gap in English language scholarship on Ozu by giving this new generation of scholars a book length forum to explore new critical perspectives on an unfairly neglected director Contributions include specialists in Japanese culture academics from a range of disciplines and professional films critics    **Learning to Kneel** Carrie J. Preston,2016-08-16 In this inventive mix of criticism scholarship and personal reflection Carrie J Preston explores the nature of cross cultural teaching learning and performance Throughout the twentieth century Japanese noh was a major creative catalyst for American and European writers dancers and composers The noh theater s stylized choreography poetic chant spectacular costumes and masks and engagement with history inspired Western artists as they reimaged new approaches to tradition and form In Learning to Kneel Preston locates noh s important influence on such canonical figures as Pound Yeats Brecht Britten and Beckett These writers learned about noh from an international cast of collaborators and Preston traces the ways in which Japanese and Western artists influenced one another Preston s critical work was profoundly shaped by her own

training in noh performance technique under a professional actor in Tokyo who taught her to kneel bow chant and submit to the teachings of a conservative tradition This encounter challenged Preston s assumptions about effective teaching particularly her inclinations to emphasize Western ideas of innovation and subversion and to overlook the complex ranges of agency experienced by teachers and students It also inspired new perspectives regarding the generative relationship between Western writers and Japanese performers Pound Yeats Brecht and others are often criticized for their orientalist tendencies and misappropriation of noh but Preston s analysis and her journey reflect a more nuanced understanding of cultural exchange

**Bresson and Others**

Bert Cardullo,2009 A number of writers have attempted to capture Robert Bresson s style as well as his substance with such terms as minimalist austere ascetic elliptical autonomous pure even gentle Most famously Paul Schrader once called Bresson s films transcendental while Susan Sontag described them as spiritual Both these critics thus extended in anglicized form a tendency that had early been dominant in Bresson criticism in France the attempt made by such Catholic writers as Andre Bazin Henri Agel Roger Leenhardt and Amedee Ayfre to understand Bresson s work in religious terms seeing his camera as a kind of god and the material world as paradoxically a thing of the spirit That attempt in Sontag s essay led to the introduction of Bresson to the New York based avant garde of the 1960s and 1970s whose films such as Richard Serra s Hand Catching Lead 1968 for one show the influence of the French director s severe reductivist style Jean Luc Godard of course needed no such critical introduction to Robert Bresson for in his iconoclasm and integrity in his rejection of the Gallic Cinema du Papa as well as in his embrace of film as an independent art Bresson was one of the heroes of the young directors who constituted the French New Wave in the early 1960s So much so that Godard was moved to say in Cahiers du cinema in 1957 that Bresson is French cinema as Dostoyevsky is the Russian novel and Mozart is German music The result is that Bresson has undeniably influenced a slew of contemporary European filmmakers including Chantal Akerman Olivier Assayas Laurent Cantet Alain Cavalier Jean Pierre and Luc Dardenne Claire Denis Jacques Doillon Bruno Dumont Michael Haneke Benoit Jacquot and Maurice Pialat not to speak of his influence on Asian and American cinema Bresson and Others Spiritual Syle in the Cinema is an attempt to document this influence through essays on fifteen international directors who followed in Bresson s wake who in fact may have influenced him Carl Dreyer or who contemporaneously worked veins similar to those found in Bresson s films Ingmar Bergman Yasujiro Ozu These essays are preceded by an introduction to the cinema of Robert Bresson and

followed by film credits a bibliography of criticism and an index The subject of Bresson and Others then may specifically be Bressonian cinema but in a general sense it could also be said to be spirit and matter or film and faith **Japan Echo** ,2004
