The idea for this anthology came from a further question that is both simple but provocative: What if we could exceed the upper limits of our performance? What would happen if, rather than focusing on being physically well, we imagined ourselves physically vibrant? What would happen if, rather than seeking 100% of the good that might come to us, we pushed past our boundaries and pictured what 112% might look like? What would happen if we took our upper limits of vision as a baseline rather than a ceiling? Could we be happier, more abundant and healthier than our wildest dreams? That's what *Peak Vitality* is all about. It calls us to examine the thresholds of our thinking, feeling and experiencing, then go beyond what we believe we're capable of. Includes chapters from bestselling authors such as Wayne Dyer, Christiane Northrup, Candace Pert, Deepak Chopra, Julia Cameron, Riane Eisler, Dean Ornish and many more.

This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk, fantasy, literature, flash fiction, LGBTQ literature, graphic novels, manga and anime, and zines. Assembly,2007 **Confidence Culture** Shani Orgad,Rosalind Gill,2021-12-06 In Confidence Culture Shani Orgad and Rosalind Gill argue that imperatives directed at women to love your body and believe in yourself imply that psychological blocks rather than entrenched social injustices hold women back Interrogating the prominence of confidence in contemporary discourse about body image workplace relationships motherhood and international development Orgad and Gill draw on Foucault s notion of technologies of self to demonstrate how confidence culture demands of women near constant introspection and vigilance in the service of self improvement They argue that while confidence messaging may feel good it does not address structural and systemic oppression Rather confidence culture suggests that women along with people of color the disabled and other marginalized groups are responsible for their own conditions Rejecting confidence culture s remaking of feminism along individualistic and neoliberal lines Orgad and Gill explore alternative articulations of feminism that go beyond the confidence imperative
