It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film. In addition to a detailed plot synopsis full cast and credit listings and an overview of the critical reception of each film Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making. The book contains 273 photographs many rare 35 in color has seven useful appendices and concludes with an enormous index. Eric Smoodin's *Animating Culture* is the first and only book to thoroughly analyze the animated short film. Usually running about seven or eight minutes cartoons were made by major Hollywood studios such as MGM Warner Bros and Disney and shown at movie theaters along with a newsreel and a feature length film. Smoodin explores animated shorts and the system that mass produced them. How were cartoons exhibited in theaters. How did they tell their stories. Who did they tell them to. What did they say about race class and gender. How were cartoons related to the feature films they accompanied on the evening's bill of fare. What were the social functions of cartoon stars like Donald Duck and Minnie Mouse. Smoodin argues that cartoons appealed to a wide audience not just children and did indeed contribute to public debate about political matters. He examines issues often ignored in discussions of animated film issues such as social control in the U S army's Private Snafu cartoons and sexuality and race in the sites of Betty Boop's body and the cartoon harem. Smoodin's analysis of the multiple discourses embedded in a variety of cartoons reveals the complex and sometimes contradictory ways that animation dealt with class relations labor imperialism and censorship. His discussion of Disney and the Disney Studio's close ties with the U S government forces us to rethink the place of the cartoon in political and cultural life. Smoodin reveals the complex relationship between cartoons and the Hollywood studio system and between cartoons and their audiences *Central States Medical Monitor* ,1907
