### **Moonie Buddhist Catholic:**

**Moonie, Buddhist, Catholic** Thomas W. Case, 1995 Ever had a friend or relative trapped in a mind numbing religious cult See what it's like from inside Travel with the author from the magical sixties in the Haight Ashbury of San Francisco into the guts of the Unification Church aka the Moonies for a seven year on again off again trial of the spirit Experience of the ecstasy of loving unity yet once I experienced infinity after a thirty day meditation at the Rocky Mountain Dharma Center And then at last a painful conversion to The Church of Last Resort This is the Catholic Church the only world wide institution to uphold social sanity in this age of moral intellectual decay This book is more than the story of a religious journey It delves into the meaning of religion itself in all its psychological archetypal depths The author's previous works include MIND FORGED MANACLES CULTS SPIRITUAL BONDAGE THE NEW CATHOLICS To order contact White Horse Press 6723 Betts Ave Cincinnati OH 45239 Phone orders 513 522 8615 1 800 617 4551 FAX orders 513 522 9675 Retailers 40% discount

**False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans Kung and from the Dalai Lama to the leaders of government approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural

Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org
