

MORAL VENGEANCE

By
Rod Haberler

Moral Vengeance

Edgar Frederick Carritt

Moral Vengeance:

The Virtues of Vengeance Peter A. French, 2001 In the course of his study of vengeance as a moral concept French exposes important distinctions between types of moral theories karmic and non karmic and between people who are morally handicapped and those who are morally challenged He examines concepts relevant to vengeance such as honor moral authority and evil and issues such as the rationality of revenge and proportionality in punishment BOOK JACKET

Morality and Social Justice James P. Sterba, 1995 These original essays by seven leading contemporary political philosophers spanning the political spectrum explore the possibility of achieving agreement in political theory Each philosopher defends in a principal essay his or her own view of social justice and also comments on two or more of the other essays The result is a lively exchange that leaves the reader to judge to what degree the contributors achieve agreement or reconciliation

Revenge and Social Conflict Kit R. Christensen, 2016-09-15 Revenge has been a subject of concern in most intellectual traditions throughout history and even when social norms regard it as permissible or even obligatory it is commonly recognised as being more counterproductive than beneficial In this book Kit R Christensen explores this provocative issue offering an in depth account of both the nature of revenge and the causes and consequences of the desire for this kind of retaliatory violence He then develops a version of eudaimonistic consequentialism to argue that vengeance is never morally justified and applies this to cases of intergroup violence where the lust for revenge against a vilified Them is easily incited and often exploited His study will interest a wide range of readers in moral philosophy as well as social philosophers legal theorists and social behavioural scientists

Best Served Cold: Studies on Revenge, 2020-05-06 This project seeks to explore various aspects of the nature of Persons and their experiences and in this instance focuses on concepts and applications of revenge This volume is based on a collection of papers that were presented at Inter Disciplinary Net 1st Global Conference on Revenge

The Origin and Development of the Moral Ideas Edward Westermarck, 1912

Apocalyptic Sentimentalism Kevin Pelletier, 2015 Focusing on a range of important antislavery figures including David Walker Nat Turner Maria Stewart Harriet Beecher Stowe and John Brown Apocalyptic Sentimentalism illustrates how antislavery discourse worked to redefine violence and vengeance as the ultimate expression rather than denial of love and sympathy

Payback Thane Rosenbaum, 2013-04-10 We call it justice the assassination of Osama bin Laden the incarceration of corrupt politicians or financiers like Rod Blagojevich and Bernard Madoff and the climactic slaying of cinema screen villains by superheroes But could we not also call it revenge We are told that revenge is uncivilized and immoral an impulse that individuals and societies should actively repress and replace with the order and codes of courtroom justice What if anything distinguishes punishment at the hands of the government from a victim's individual desire for retribution Are vengeance and justice really so very different No answers legal scholar and novelist Thane Rosenbaum in Payback The Case for Revenge revenge is in fact indistinguishable from justice Revenge Rosenbaum argues is not the problem It is in fact a

perfectly healthy emotion Instead the problem is the inadequacy of lawful outlets through which to express it He mounts a case for legal systems to punish the guilty commensurate with their crimes as part of a societal moral duty to satisfy the needs of victims to feel avenged Indeed the legal system would better serve the public if it gave victims the sense that vengeance was being done on their behalf Drawing on a wide range of support from recent studies in behavioral psychology and neuroeconomics to stories of vengeance and justice denied to revenge practices from around the world to the way in which revenge tales have permeated popular culture including Hamlet The Godfather and Braveheart Rosenbaum demonstrates that vengeance needs to be more openly and honestly discussed and lawfully practiced Fiercely argued and highly engaging Payback is a provocative and eye opening cultural tour of revenge and its rewards from Shakespeare to The Sopranos It liberates revenge from its social stigma and proves that vengeance is indeed ours a perfectly human and acceptable response to moral injury Rosenbaum deftly persuades us to reconsider a misunderstood subject and along the way reinvigorates the debate on the shape of justice in the modern world

Aquinas Ethicus, Or, The Moral Teaching of St. Thomas Saint Thomas (Aquinas), Joseph Rickaby, 1896 **Encyclopaedia of Religion and Ethics: Picts-Sacraments**

James Hastings, John Alexander Selbie, 1919 Moral Desert Howard Simmons, 2010-02-23 In Moral Desert Howard Simmons notes that the idea that we deserve to be praised or rewarded for good behavior and blamed or punished when we act badly seems central to everyone's moral deliberation and practices Simmons subjects this assumption to critical scrutiny He argues that in a wide range of cases it is almost impossible to know the extent of people's moral responsibility and indeed that it may be a complete delusion He attacks the still popular theory of retributive punishment with special reference to the views of Peter French and J Angelo Corlett Simmons does not conclude that punishment is always unjustified but insists that any justification should relate to its real world consequences State punishment should be inflicted according to strict consequentialist precepts and the author provides systematic principles for determining an appropriate sentence and for deciding when offenders should be excused He also considers the implications of his views for distributive justice and personal morality

The Black Avenger in Atlantic Culture Grégory Pierrot, 2019 With the Ta Nehisi Coates authored Black Panther comic book series 2016 recent films Django Unchained 2012 and The Birth of a Nation 2016 Nate Parker's cinematic imagining of the Nat Turner rebellion and screen adaptations of Marvel's Luke Cage 2016 and Black Panther 2018 violent black redeemers have rarely been so present in mainstream Western culture Grégory Pierrot argues however that the black avenger has always been with us the trope has fired the news and imaginations of the United States and the larger Atlantic World for three centuries The black avenger channeled fresh anxieties about slave uprisings and racial belonging occasioned by European colonization in the Americas Even as he is portrayed as a heathen and a barbarian his values honor loyalty love reflect his ties to the West Yet being racially different he cannot belong and his qualities in turn make him an anomaly among black people The black avenger is thus a liminal figure defining racial borders Where his body lies lies the

color line Regularly throughout the modern era and to this day variations on the trope have contributed to defining race in the Atlantic World and thwarting the constitution of a black polity Pierrot s The Black Avenger in Atlantic Culture studies this cultural history examining a multicultural and cross historical network of print material including fiction drama poetry news and historical writing as well as visual culture It tracks the black avenger trope from its inception in the seventeenth century to the U S occupation of Haiti in 1915 Pierrot argues that this Western archetype plays an essential role in helping exclusive hostile understandings of racial belonging become normalized in the collective consciousness of Atlantic nations His study follows important articulations of the figure and how it has shifted based on historical and cultural contexts Apologetics Johannes Heinrich August Ebrard,1886 The Psychoanalytic Review ,1919 **Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry** Albert Pike,1871 Encyclopedia of Ethics: P-W Lawrence C. Becker,Charlotte B. Becker,2001 A revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics All of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features *Encyclopaedia of Religion and Ethics* James Hastings,John Alexander Selbie,Louis Herbert Gray,1928 The Hibbert Journal ,1916 A quarterly review of religion theology and philosophy *Religion, Theology and Morals* Harvey W Scott,1917 Outlines of Moral Philosophy Abhoy Kumar Mazumdar,1915 *The Theory of Morals* Edgar Frederick Carritt,1928
