In addition to providing readings on contemporary issues the book lends historical perspective to current moral issues through its unique inclusion of classic selections by philosophers such as Mill, Kant, Locke and Rousseau. *Moral Imagination* Edward Tivnan, 1996-07-12 When it comes to the most controversial moral questions of

our lives abortion euthanasia suicide capital punishment racial justice and affirmative action there is a right and wrong but no one owns the truth This book guides us through the opposing arguments on these profound issues opening up ways for our pluralistic society to think about them How does one make up one's mind about the difficult yet everyday inescapable social and moral problems we all face The public debate often degenerates into name calling and even violence Conservatives and liberals alike act as if there is only one way to think In a format that is accessible anecdotal and concrete Edward Tivnan lays out the best arguments on all sides of these visceral topics He explores the most sophisticated thinking from philosophy theology medicine and the law as well as examples from the emotional complexities of everyday life and carefully mediates between opposing ideals not to lead us to a position of convenience but to help us toward independent decisions of conviction Tivnan's analysis therefore does not dictate answers but calls for an effort to understand and respect why people believe so strongly in their own values Only by facing up to our differences of opinion can we make progress expand our moral imagination and achieve a decent and respectful society In concluding chapters Tivnan describes the peculiar nature of American democracy invented by men who knew that freedom would breed conflicting values and expected that such differences would secure the nation's future as a republican democracy The first premise of a decent free society Tivnan writes is tolerance the first sparks of tolerance and decency reside in the imagination what I want to call the moral imagination He concludes that expanding our moral imagination will cleanse debate of hatred and moral arrogance

Contemporary Moral Issues Wesley Cragg, Christine M. Koggel, 1997 **Contemporary Ethical Issues** Walter G. Jeffko, 2013-06-11 Now in a newly revised third edition this insightful exploration of contemporary ethical issues considers a series of compelling moral problems from a personalist perspective influenced by the Scottish philosopher John Macmurray 1891-1976. In many

publications spanning fifty years most notably his Gifford Lectures titled *The Form of the Personal* Macmurray developed a robust personalism that emphasizes the primacy of persons as rational agents. In his view self realization is achieved in community where justice and individual rights are respected. From the background of a liberal Roman Catholic Walter G. Jeffko utilizes key elements of Macmurray's thought in developing his own philosophical viewpoint and he relates Macmurray's ideas to those of a wide variety of important philosophers ethicists and other notable thinkers including ecologists and war theorists. New to this third edition is an essay on the moral treatment of civilians in war including a rigorous critique of Michael Walzer's supreme emergency and the communitarianism that grounds it. Many recent Supreme Court decisions are evaluated as is the threat to our democracy posed by unlimited sums of money in politics the growing inequality of wealth and income and the rise of political extremism on the right and its threat to women's rights. Jeffko brings logical precision and a lucid style to the study of ethics blending powerful scholarship with readability.
