More Generals In Gray:

More Generals in Gray Bruce S. Allardice, 2006-04-01 In this masterpiece of research a splendid supplement to Ezra J Warner's *Generals in Gray* Bruce S Allardice brings to light a neglected class of officers the Confederacy's other generals men who attained their rank outside the usual avenue of appointment by President Jefferson Davis and who had been virtually forgotten as a consequence Explaining that the process of becoming a general was fraught with politics lobbying intrigue accident mismanagement and chance Allardice identifies six main categories of legitimate claimants to the rank of Confederate General two more than historians have traditionally recognized He presents a substantial biographical sketch of 137 generals not found in Warner's original and a short bibliography of each For the vast majority this is the first treatment ever published
