Chen,2016-02-24 Most scholars attribute systemic causes of food insecurity to poverty human overpopulation lack of farmland and expansion of biofuel programs However as Chen argues here another significant factor has been overlooked The current food insecurity is not absolute food shortage since global food production still exceeds the need of the entire

world population but a problem of how to secure access to resources Distorted agricultural trade undermines world food distribution and uneven distribution impedes people s access to food particularly in poor developing countries Examining EU and US agricultural policies and World Trade Organization negotiations in agriculture the author argues how they affect the international agricultural trade claiming that current food insecurity is the result of inequitable food distribution and trade practices The international trade regime is advised to reconcile trade rules with the consideration of food security issues Several other enforceable solutions to reduce world hunger and malnutrition are also advanced including national capacity building the improvement of governance and strategic development of biofuel programs This book will be of great interest to agricultural trade professionals and consultant policy makers in the EU US and developing countries Students and researchers with a concentration on international trade agriculture economics global governance and international law will benefit greatly from this study *Stirring Slowly* Georgina Hayden, 2016-07-07 Discover these feel good recipes to restore revive and rejuvenate and enjoy the simple pleasures of food Whatever your day looks like there is a recipe here that is just right Whether it is a quick and comforting noodle bowl or a hearty slow cooked pie this book celebrates food s power to restore revive and rejuvenate But it isn t just about the food on your plate it s about how it gets there *Stirring Slowly* celebrates time spent in the kitchen Wile away a happy hour stirring a creamy black dhal or give your undivided focus to flipping caramelised apple ricotta and hazelnut pancakes because cooking nourishes you inside and out The sort of book that has you immediately plastering its pages with post it notes the writing is warm encouraging and moving Nigella Lawson
